**Re: Dental Assisting Program**

Dear President Sprouse:

At its August 6, 2015 meeting, the Commission on Dental Accreditation (CODA) considered the progress report on the dental assisting program sponsored by the Indian Hills Community College in Ottumwa, Iowa.

Following careful review of the information provided, the Commission determined that the recommendations cited in the February 2015 site visit report have been met and adopted a resolution to change the program's accreditation status to "approval without reporting requirements." The definitions of accreditation classifications are enclosed. No additional information is requested at this time from the program. The next site visit for the program is scheduled for **2021**.

In taking this action, the Commission stipulated that it will expect the institution to keep the Commission informed as soon as possible of anticipated major changes in any approved educational program offered, particularly in the areas of administration, enrollment, faculty, facilities and curriculum. The Commission's policy and guidelines for reporting major program changes are enclosed.

***Note: The program's documentation for CODA (self-study, application, or reports to CODA, for example) must NOT contain any sensitive personally identifiable information ("Sensitive Information" or "PII") as outlined in "Privacy and Data Security Requirements for Institutions" (see below). Similarly, such documentation must not contain any identifiable patient information ("PHI"); therefore, no "patient identifiers" may be included (see below). This applies whether or not the program is required to comply with HIPAA.***

***Before sending documents such as self-studies or faculty CVs to CODA, institutions must fully and appropriately redact all PII and all PHI all patient identifiers such that the PII and patient identifiers cannot be read or otherwise reconstructed. Covering information with ink is not an appropriate means of redaction.***

***If the program/institution submits documentation that does not comply with the directives on PHI and PII (noted above), CODA will assess a penalty fee of \$1000 to the institution; a resubmission that continues to contain PHI or PII will be assessed an additional \$1000 fee.***
