Begin your Life-Changing Degree in High School

Indian Hills' Agriculture and Landscape Career Academy overview:

- curriculum combines classroom, lab and field courses to provide students with knowledge about agriculture, landscape and turfgrass careers
- high school students can get a jump start on their college degrees by taking courses at Indian Hills
- students taking two years of academy courses will be able to complete IHCC's Landscape and Turfgrass Technology program in one additional year of study
- students can also explore the college's Sustainable Agriculture and Entrepreneurship program

Life. Changing.
