

## Non-Credit Online Course Sources

### Customized Learning

Indian Hills Community College offers non-credit online courses from three sources:

- [SkillSoft's General Business Course Catalog](http://www.continuetolearn.uiowa.edu/skillsoft/) (<http://www.continuetolearn.uiowa.edu/skillsoft/>) gives you access to all 300 online professional development and IT courses. Choose from 200 courses covering areas such as management, leadership, and performance coaching or from 100 courses on software applications training. See how SkillSoft courses can add to or strengthen your skill set. The one-year subscription fee is \$125 and gives you access to all 300 courses.
- [Ed2Go](http://www.ed2go.com/ihcc/) (<http://www.ed2go.com/ihcc/>) offers more than 300 fully interactive courses on topics from Anatomy to Web Design that you can take entirely over the internet. All courses include expert instructors, many of whom are nationally known authors.
- [Gatlin Education Services](http://indianhills.thelearningcenter.com) (GES) (<http://indianhills.thelearningcenter.com>) offers open-enrollment online certificate programs. These programs are built with a team of professionals who work with an existing textbook or base of material to provide an effective online learning experience. Each program has a set of lessons and tests; students' grades are calculated using a combination of computer-graded tests and the instructor's evaluation of the student's work.  
**Please note:** Once the course is accessed either by requesting materials or viewing lessons, there are no refunds.

Indian Hills currently offers Gatlin Education Services GES online courses in the following areas:
