

# ACT Workshop

Are you a first time ACT test-taker? Do you need a few extra points on your ACT to win certain scholarships? Or maybe you are a few points away from qualifying to get into college. We have a workshop for you! IHCC Upward Bound has contracted with Chad Cargill of Cargill Consulting to bring his dynamic ACT prep workshop from Oklahoma to the IHCC campus. Chad brings 16 years of experience working with high school students on the ACT test, and this workshop is a practical hands-on instruction session developed by him. The workshop is not a practice test. The workshop covers what will be on the test and how to master the techniques. Chad will relate his experience of taking the test 18 times and raising his score from a 19 to a 32!

The workshop covers general ideas about the ACT as a whole and the individual sections of English (including what the test-makers are looking for and the relevant English rules needed for the test), math (including exactly what formulas and rules you will need to answer virtually every question), reading (including three strategies on how to best take the reading comprehension section), and science (including common question types and strategies to understand and beat the science reasoning section).

Don't miss this opportunity. It's cheaper than other workshops and it's the most practical workshop that's not just a practice test.

**DATE:**

SATURDAY,  
MARCH 6, 2010

**TIME:** 9:00 AM TO  
12:30 PM

(REGISTRATION: 8:30 AM)
