1st Writing Assignment

Choose one of the first four chapters in the text “Bury My Heart at Wounded Knee” by Dee Brown.

Write a 2-3 page analysis and summary of this chapter and in the context of your paper consider the following questions:

1. How does Brown present the overall relationship between the Native American tribe (tribes) discussed in this chapter and the European immigrants (Americans) that began arriving in their native territories?
2. What does Brown have to say about the policies regarding government policies in dealing with the native tribes discussed in this chapter?
3. Who were the native tribal leaders that Brown discusses in this chapter and what does he have to say about what happened to them and their people?
4. How does the information that you’ve read in this chapter differ from any knowledge you may have had about the Native American experience before hand?
5. What do you think about the overall perspective that Brown presents in discussing the Native American experience in this chapter?
6. What information is available in the Calloway textbook regarding the tribal group(s) discussed in this chapter of the Brown book? Is the information presented in the two books similar or different?
