Lab Exercise 7 – Part 1
AHIMA Code of Ethics Summary

For the first part of this lab you will be researching information regarding the code of ethics. If you are a HIT and MIC student you will go to the American Health Information Management Association (AHIMA) website www.ahima.org and review the webpage for the AHIMA Code of Ethics. Once at ahima.org you will type “code of ethics” in the quick links by topics. This will bring you to the Code of Ethics page for the American Health Information Management Association. Make sure you take the time to read and understand the Code of Ethics as these are your Code of Ethics that you will need to follow as a HIM professional.

If you are a MT student you will go to www.AHDi.org and review their web page for the Code of Ethics. Make sure you take the time to read and understand the Code of Ethics as these are “your” Code of Ethics that you will need to follow as a MT professional. For this assignment, you are required to submit a one page summary on the Code Ethics. In your one page summary you need to address the areas of Professional Values, the Use of the Code, and the Ethical Principals of the Profession.

If you are a HUC student you will go to www.Nahuc.org and review their web page for the Code of Ethics. Make sure you take the time to read and understand the code of Ethics as these are “your” Code of Ethics that you will need to follow as a HUC professional. For this assignment, you are required to submit a one page summary on the Code Ethics. In your one page summary, you need to address the areas of Professional Values, the Use of the Code, and the Ethical Principals of the Profession.

Please make sure to follow the required paper format requirements. A one-page typed document of 400 to 500 words, single spaced, and no larger than 12-point font. Include your name, course name, course number and section number, and date of paper submission in the top right hand corner of the page.
