

Indian Hills Community College (IHCC) participated in the faculty component of the Community College Survey of Student Engagement (CCFSSE) in the fall of 2015 and 2018. As part of our discussion of operations at the college, results of these survey administrations are used to determine how aware faculty are of other offices of the college, the services those offices provide and the frequency of their referring students to those offices.

The following charts and tables represent the faculty responses to select CCFSSE questions, presented as a percentage of the respondents in each category.
