**CERTIFICATE HOLDERS' RISKS**

An investment in the Certificates involves an element of risk. In order to identify risk factors and make an informed investment decision, potential investors should be thoroughly familiar with this entire Official Statement (including the appendices hereto) in order to make a judgement as to whether the Certificates are an appropriate investment.

**COVID-19**

The outbreak of COVID-19, a respiratory illness caused by a new strain of coronavirus has affected the globe, including the State of Iowa and the College. Efforts to contain the virus from spreading have shuttered businesses in a way that may negatively impact economies. Federal, State, and local officials are taking steps to curb the spread of the virus, including providing both discretionary and mandatory guidelines and orders regarding public gatherings, and imposing mandatory closings of some businesses. These actions may result in higher than normal unemployment and could have a negative effect on the College's finances or operations, including sales tax collections, property tax collections, or other revenues.

The College cannot predict whether continued spread of the disease will materially impact its financial condition or ability to provide essential services. The Certificates are general obligations of the College secured by a pledge of an unlimited ad valorem property tax, see “**DESCRIPTION OF CERTIFICATES - Security**” herein.

## **Secondary Market**

There can be no guarantee that there will be a secondary market for the Certificates or, if a secondary market exists, that such Certificates can be sold for any particular price. Occasionally, because of general market conditions or because of adverse history of economic prospects connected with a particular issue, secondary marketing practices in connection with a particular bond or note issue are suspended or terminated. Additionally, prices of bond or note issues for which a market is being made will depend upon then prevailing circumstances. Such prices could be substantially different from the original purchase price of the Certificates.

**EACH PROSPECTIVE PURCHASER IS RESPONSIBLE FOR ASSESSING THE MERITS AND RISKS OF AN INVESTMENT IN THE CERTIFICATES AND MUST BE ABLE TO BEAR THE ECONOMIC RISK OF SUCH INVESTMENT. THE SECONDARY MARKET FOR THE CERTIFICATES, IF ANY, COULD BE LIMITED.**

## **Forward-Looking Statements**

This Official Statement contains statements relating to future results that are “forward-looking statements” as defined in the Private Securities Litigation Reform Act of 1995. When used in this Official Statement, the words “estimate,” “forecast,” “intend,” “expect” and similar expressions identify forward-looking statements. Any forward-looking statement is subject to uncertainty. Accordingly, such statements are subject to risks that could cause actual results to differ, possibly materially, from those contemplated in such forward-looking statements. Inevitably, some assumptions used to develop forward-looking statements will not be realized or unanticipated events and circumstances may occur. Therefore, investors should be aware that there are likely to be differences between forward-looking statements and the actual results. These differences could be material and could impact the availability of funds of the College to pay debt service when due on the Certificates.

## **DTC-Beneficial Owners**

Beneficial Owners of the Certificates may experience some delay in the receipt of distributions of principal of and interest on the Certificates since such distributions will be forwarded by the Paying Agent to DTC and DTC will credit such distributions to the accounts of the Participants which will thereafter credit them to the accounts of the Beneficial Owner either directly or indirectly through indirect Participants. Neither the College nor the Paying Agent will have any responsibility or obligation to assure that any such notice or payment is forwarded by DTC to any Participants or by any Participant to any Beneficial Owner.

In addition, since transactions in the Certificates can be effected only through DTC Participants, indirect participants and certain banks, the ability of a Beneficial Owner to pledge the Certificates to persons or entities that do not participate in the DTC system, or otherwise to take actions in respect of such Certificates, may be limited due to lack of a physical certificate. Beneficial Owners will be permitted to exercise the rights of registered Owners only indirectly through DTC and the Participants. See **APPENDIX B – Describing Book-Entry Only Issuance.**

## **Continuing Disclosure**

A failure by the College to comply with continuing disclosure obligations (see “**CONTINUING DISCLOSURE**” herein) will not constitute an event of default on the Certificates. Any such failure must be disclosed in accordance with Rule 15c2-12 (the “Rule”) adopted by the Securities and Exchange Commission (the “Commission”) under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), and may adversely affect the transferability and liquidity of the Certificates and their market price.

The College will covenant in a Continuing Disclosure Certificate for the benefit of the Owners and Beneficial Owners of the Certificates to provide annually certain financial information and operating data relating to the College (the “Annual Report”), and to provide notices of the occurrence of certain enumerated events. The Annual Report is to be filed by the College no later the 15<sup>th</sup> day of April of each year, commencing with the fiscal year ending June 30, 2021, with the Municipal Securities Rulemaking Board, at its internet repository named “Electronic Municipal Market Access” (“EMMA”). The notices of events, if any, are also to be filed with EMMA. See “**APPENDIX D – FORM OF CONTINUING DISCLOSURE CERTIFICATE.**” The specific nature of the information to be contained in the Annual Report or the notices of events, and the manner in which such materials are to be filed, are summarized in “**APPENDIX D – FORM OF CONTINUING DISCLOSURE CERTIFICATE.**” These covenants have been made in order to assist the Underwriter in complying with SEC Rule 15c2-12(b)(5) (the “Rule”).

## **Cybersecurity**

The College, like many other public and private entities, relies on a large and complex technology environment to conduct its operations. As such, it may face multiple cybersecurity threats including but not limited to, hacking, viruses, malware and other attacks on computer or other sensitive digital systems and networks. There can be no assurances that any security and operational control measures implemented by the College will be completely successful to guard against and prevent cyber threats and attacks. Failure to properly maintain functionality, control, security, and integrity of the College’s information systems could impact business operations and/or digital networks and systems and the costs of remedying any such damage could be significant. Along with significant liability claims or regulatory penalties, any security breach could have a material adverse impact on the College’s operations and financial condition. The College has a \$1,000,000 Cyber-Liability Policy. The College cannot predict whether this policy will be sufficient in the event of a cyberattack. However, the Certificates are secured by an unlimited ad valorem property tax as described herein.

## **Suitability of Investment**

The interest rate borne by the Certificates is intended to compensate the investor for assuming the risk of investing in the Certificates. Each prospective investor should carefully examine this Official Statement and its own financial condition to make a judgment as to its ability to bear the economic risk of such an investment, and whether or not the Certificates are an appropriate investment for such investor.

## **Bankruptcy and Insolvency**

The rights and remedies provided in the Resolution may be limited by and are subject to the provisions of federal bankruptcy laws, to other laws or equitable principles that may affect the enforcement of creditor’s rights, to the exercise of judicial discretion in appropriate cases and to limitations in legal remedies against exercise of judicial discretion in appropriate cases and to limitations on legal remedies against municipal corporations in the State of Iowa. The various opinions of counsel to be delivered with respect to the Certificates and the Resolution, including the opinion of Bond Counsel, will be similarly qualified.

## **Tax Levy Procedures**

The Certificates are general obligations of the College, payable from and secured by a continuing ad valorem tax levied against all of the taxable property valuation within the College. See “**PROPERTY ASSESSMENT AND TAX INFORMATION**” herein for more details. As part of the budgetary process each fiscal year, the College will have an obligation to request a debt service levy to be applied against all of the taxable property within the College. A failure on the part of the College to make a timely levy request or a levy request by the College that is inaccurate or is insufficient to make full payments of the debt service of the Certificates for a particular fiscal year may cause Certificateholders to experience delay in the receipt of distributions of principal of and/or interest on the Certificates. In the event of a default in the payment of principal of or interest on the Certificates, there is no provision for acceleration of maturity of the principal of the Certificates. Consequently, the remedies of the owners of the Certificates (consisting primarily of an action in the nature of mandamus requiring the College and certain other public officials to perform the terms of the Resolution for the Certificates) may have to be enforced from year to year.

## Other Factors

An investment in the Certificates involves an element of risk. The foregoing is intended only as a summary of certain risk factors attendant to an investment in the Certificates. In order for potential investors to identify risk factors and make an informed investment decision, potential investors should become thoroughly familiar with this entire Official Statement and the Appendices hereto.

## DESCRIPTION OF THE CERTIFICATES

### Introduction

This Official Statement, including the cover page and all appendices, is provided to set forth certain information with respect to the College, the Certificates, and the companies involved. None of the references to or summaries of the laws of the State of Iowa or any documents referred to in this Final Official Statement purport to be complete, and all such references are qualified in their entirety by reference to the complete provisions thereof.

### Description of Certificates

The Certificates are dated the date of delivery (expected to be on or about June 1, 2021) and will be issued as fully registered certificates in the denomination of \$5,000 or any integral multiple thereof and, when issued, will be registered in the name of Cede & Co., as Certificate holder and nominee of the Depository Trust Company, New York, New York (“DTC”). DTC will act as securities depository for the Certificates. Purchases of the Certificates will be made in book-entry form. Purchasers of the Certificates will not receive certificates representing their interest in the Certificates purchased. So long as DTC or its nominee, Cede & Co., is the Certificate holder, the principal and interest on the Certificates will be paid to DTC, which will in turn remit such principal and interest to its participants for subsequent dispersal to the beneficial owners of the Certificates as described herein. Disbursement of such payments to the Beneficial Owners is the responsibility of the DTC Participants as more fully described in **APPENDIX B**.

The Certificates will bear interest from their dated date at such rates and mature on the dates and in the amounts set forth herein, with interest being payable December 1, 2021 and semiannually thereafter on the first day of June and December in each year until maturity or earlier redemption. Interest will be computed on the basis of a 360-day year of twelve 30-day months. Payments of principal and interest shall be made to the registered holders thereof or to their designated agents as the same appear on the books of the Registrar.

### Authority

The Certificates are issued pursuant to the provisions of Chapter 260E of the Code of Iowa, as amended (the “Act”), and in conformity with a resolution of the Board of Directors of the College authorizing the issuance of the Certificates (the “Resolution”).

### Projects

The Certificates are issued for the purpose of paying a portion of the costs of training arrangements and new jobs training programs (the “Projects”) which are the subject of and in conformity with certain Industrial New Jobs Training Agreements (the “Agreements”) between the College and the Companies described under “**THE COMPANIES**” herein.

## **Security**

The Certificates constitute a valid and binding obligation of the College, payable from the Net Revenues. The “Net Revenues” are the revenues and funds derived from the Agreements, held in a special fund (the “Revenue Fund”) and pledged to the payment of the Certificates. The sources of Net Revenues include new jobs credit from withholding to be received or derived from new employment resulting from the Projects (1½% of the wages paid on the new jobs created); supplemental new jobs credit from withholding to be received or derived from new employment resulting from the Projects (an additional 1½% of the wages paid on those jobs for which the employer has agreed to pay wages of at least the “laborshed wage” established by the Iowa Economic Development Authority); and tuition, student fees or special charges, if any, fixed by the Board of Directors of the College to defray program costs. The Projects are sized in order that the anticipated Net Revenues are sufficient to meet the debt service requirements of the Certificates as the same become due. Additional security is provided by a Reserve Fund to be applied, until depleted, to pay interest and principal payments due on the Certificates.

In the event such Net Revenues are not available and appropriated in any year as provided by the Act and in the Agreement, all the taxable property in the Merged Area is subject to ad valorem taxation without limitation as to rate or amount (the “Standby Tax”) to pay the Certificates, all except as limited by bankruptcy, insolvency, moratorium, reorganization and other similar laws relating to the enforcement of creditors’ rights generally and except that enforcement by equitable and similar remedies, such as mandamus, is subject to the exercise of judicial discretion. The Standby Tax has been levied by the Resolution for the payment of debt service on the Certificates and the College is required by law to include in its annual tax levy the principal and interest coming due on the Certificates to the extent the necessary funds are not provided from other sources.

## **Optional Redemption**

The Certificates due June 1, 2022 - 2027, inclusive, are not subject to optional redemption prior to maturity. The Certificates due June 1, 2028 - 2031, inclusive, are subject to optional redemption prior to maturity in whole or in part on any date on or after June 1, 2027 at a price of par and accrued interest. If less than all the Certificates are called, they shall be redeemed in any order of maturity as determined by the College and within any maturity by lot. So long as Certificates are held by DTC, the College will notify DTC of the particular amount of such maturity to be redeemed prior to maturity. DTC will determine by lot the amount of each participant’s interest in each maturity to be redeemed and each participant will then select by lot the beneficial ownership interests in such maturity to be redeemed.

The Registrar will give written notice of redemption, identifying the Certificates (or portions thereof) to be redeemed not less than thirty (30) days prior to the date fixed for redemption to the registered owner of each Certificate (or portion thereof) to be redeemed. Failure to give such written notice to any registered owner of the Certificates (or portions thereof) or any defect therein shall not affect the validity of any proceedings for the redemption of other Certificates (or portions thereof). Written notice will be deemed completed upon transmission to the owner of record of the Certificate. All Certificates (or portions thereof) so called for redemption will cease to bear interest after the specified redemption date, provided funds for their redemption are on deposit at the place of payment at that time.

## **Sources and Uses of Proceeds**

The proceeds of the Certificates, other than any accrued interest and except as may be provided below, shall be credited to the Project Fund and used to pay the costs of the Projects and the costs of issuance of the Certificates including, but not limited to, underwriting fees, municipal advisor fees, printing costs, and bond counsel fees and expenses. Proceeds of the Certificates shall also be used to fund the Reserve Fund and to pay all College expenses relating to the administration of the new jobs training projects.

The estimated sources and uses of proceeds of the Certificates is as follows:

<b>SOURCES:</b>	
The Certificates .....	\$795,000.00*
Total.....	\$795,000.00*
 <b>USES:</b>	
New Jobs Training Project .....	\$528,277.50
College Administration Expense.....	155,025.00
Underwriter's Discount .....	6,360.00
Legal and Issuance Costs .....	17,887.50
State Administration Expense .....	7,950.00
Reserve Fund .....	<u>79,500.00</u>
Total.....	\$795,000.00*

### Summary of the Resolution and Parity Certificates

The Board of Directors of the College is expected to adopt the Resolution on April 12, 2021. Under the Resolution, the College pledges the Net Revenues to the payment of the Certificates (as described previously under “**DESCRIPTION OF THE CERTIFICATES - Security**” herein). A copy of the Resolution shall be filed in the office of the County Auditors of each county contained within the Merged Area. For the purpose of further securing and providing funds to pay the principal and interest of the Certificates, there has been levied and appropriated to the Revenue Fund for each future year the following direct annual tax, the Standby Tax, on all of the taxable property in the Merged Area:

Estimated <u>Amount</u>	Fiscal Year (July 1 to June 30) <u>of Collection(1)</u>
\$91,700.....	2021/22
90,900.....	2022/23
90,100.....	2023/24
89,300.....	2024/25
88,500.....	2025/26
87,500.....	2026/27
86,100.....	2027/28
84,700.....	2028/29
83,100.....	2029/30
76,500.....	2030/31

Note: (1) For example, a levy made and certified against the taxable valuations of January 1, 2020, will be collected during the fiscal year commencing July 1, 2021.

Provided, however, that the College may direct the adjustment and corresponding reduction of any levy of taxes made whenever funds on hand from any source other than taxation and which may be appropriated to the payment of the Certificates are available in the Revenue Fund. The College does not currently anticipate levying the Standby Tax to pay debt service on the Certificates.

Additional certificates (the “Parity Certificates”) may be issued on a parity and equality of rank with the Certificates with respect to the lien and claim of such Parity Certificates to the Net Revenues, for the following purposes and under the following conditions, but not otherwise:

- (a) For the purpose of refunding any of the Certificates or Parity Certificates which shall have matured or which shall mature not later than three months after the date of delivery of refunding certificates and for the payment of which there shall be insufficient money in the Sinking Fund and the Reserve Fund; and

## THE COLLEGE

Indian Hills Community College (the “College”) is a dynamic two-year educational institution with campuses in Ottumwa, Centerville and at the North Workforce Campus (northwest of Ottumwa). The College has four county service centers and offers career academy programs at area high schools within the ten county area. The College offers over 70 certificate, diploma, and degree programs in arts and sciences and career and technical education programs. The Continuing Education and Workforce Solutions department at the College offers extensive continuing education course offerings along with business and industry training programs.

The origins of the College date back to January 3, 1966, when the State Board of Public Instruction officially approved the formation of the Iowa Merged Area XV School Corporation. The College district includes the school districts in Appanoose, Davis, Jefferson, Keokuk, Lucas, Mahaska, Monroe, Van Buren, Wapello, and Wayne counties. See **APPENDIX E** for a map of the Iowa Community Colleges. Merged Area XV began operation as a vocational district on July 1, 1966, and was called the Iowa Technical Institute. The State Board of Public Instruction authorized a change in classification for the institution from a vocational district to a community college on November 16, 1966.

In 1968, the College’s Board of Trustees assumed responsibility for the management and operation of Centerville Junior College, which was founded in 1930 to provide liberal arts and pre-professional training for students in the Centerville area. Indian Hills Community College was adopted as the official name of Merged Area XV in 1970. The boards of Indian Hills and Ottumwa Heights College, a private college operated by the Sisters of Humility of Mary, merged operations on July 1, 1979. The merger resulted in the purchase of the Ottumwa Heights facility by the IHCC Board of Trustees in July of 1981.

The Ottumwa Campus serves as the College’s main campus and houses the majority of college enrollment in a wide variety of transfer and degree programs. This location also houses the primary administrative offices of the college, provides housing capacity in excess of 500 students, and includes athletic programs for basketball, cross country, golf, soccer, softball, and volleyball. The campus is located in the northeast portion of the City of Ottumwa, and visitors often comment on the beauty of the campus with its distinct architecture and natural surroundings.

The IHCC Centerville Campus is located on the northwest part of the City of Centerville, Iowa. Students at this campus may take Arts & Sciences courses, as well as enroll in several Advanced Technology programs, including Business Specialist programs, Construction Technology, Agricultural programs offered in Animal Science, Precision Farming Systems, and Landscape and Turfgrass Technology. The Health Sciences: Practical Nursing program is also available.

The IHCC North Workforce Campus is located just northwest of the City of Ottumwa, near the Ottumwa Regional Airport off of Highway 63. The North Campus hosts a number of programs, including: Aviation Pilot Training, Aviation Maintenance Technology, Avionics certification, Diesel Technology, Welding Technology and Commercial Driver Training.

The College has grown to meet the changing needs of the residents in the ten county area the College serves. The College staff members, administration, and board of trustees are committed to providing high quality educational opportunities through quality programs and facilities.

## College Organization and Services

The College is governed by a nine member Board of Trustees. The board members are elected by residents of the College's ten county service region. The College is regulated by the Iowa State Department of Education.

### PROPERTY ASSESSMENT AND TAX INFORMATION

#### Property Tax Assessment

In compliance with Section 441.21 of the Code of Iowa, as amended, the State Director of Revenue annually directs all county auditors to apply prescribed statutory percentages to the assessments of certain categories of real property. The final values, called Actual Valuation, are then adjusted by the County Auditor. Taxable Valuation subject to tax levy is then determined by the application of State determined rollback percentages, principally to residential property.

Beginning in 1978, the State required a reduction in Actual Valuation to reduce the impact of inflation on its residents. The resulting value is defined as the Taxable Valuation. Such rollback percentages may be changed in future years. Certain historical rollback percentages for residential, multi-residential, agricultural and commercial valuations are as follows:

#### Percentages for Taxable Valuation After Rollbacks(1)

Fiscal Year	Residential	Multi- Residential(2)	Ag Land & Buildings	Commercial & Industrial

Property is assessed on a calendar year basis. The assessments finalized as of January 1 of each year are applied to the following tax year. For example, the assessments finalized on January 1, 2019, are used to calculate tax liability for the tax year starting July 1, 2020 through June 30, 2021.

## Property Tax Collection

Each county is required by State law to collect all tax levies within its jurisdiction and remit, before the fifteenth of each month, the amount collected through the last day of the preceding month to underlying units of government, including the College. Property tax payments are made at the office of each county treasurer in full or one-half by September 30 and March 31, pursuant to the Code of Iowa, Sections 445.36 and 445.37. Where the first half of any property tax has not been paid by October 1, such installment becomes delinquent. If the second installment is not paid, it becomes delinquent on April 1. Delinquent taxes and special assessments are subject to a penalty at the rate of one and one-half percent per month, to a maximum of eighteen percent per annum.

If taxes are not paid when due, the property may be offered at the regular tax sale on the third Tuesday of June following the delinquency date. Purchasers at the tax sale must pay an amount equal to the taxes, special assessments, interest and penalties due on the property, and funds so received are applied to the payment of taxes. A property owner may redeem from the regular tax sale, but failing redemption within two years, the tax sale purchaser is entitled to a deed which in general conveys the title free and clear of all liens except future installments of taxes.

**Levy Limits**

All taxable property within the Merged Area XV is taxed by each county at a rate not to exceed \$0.2025 per \$1,000 of assessed value on such property for the operation of the area vocational school or the area community college such as the College. In addition to the tax authorized for the operation of a merged area community college, the voters in any merged area may vote a tax not to exceed \$0.2025 per \$1,000 of assessed value for a period not to exceed ten years for capital improvements to the merged area. Under certain conditions, the Board may by Resolution extend said tax for additional ten year periods. The board of directors of a merged area may also certify a levy not to exceed \$0.03 per \$1,000 of assessed value for equipment replacement and they are authorized to levy to pay certain insurance expenses of the merged area. In addition, upon voter approval, the College can institute a property tax that generates \$0.06 per \$1,000 of assessed valuation. The voters of the College approved, at a special election held in December 2012, the Equipment Levy for a \$0.06 per \$1,000 of assessed valuation for ten years which will end with the 2023 fiscal year. Under certain conditions, the Board may by Resolution extend said tax for additional ten year periods. The College adopted a resolution on August 12, 2019 extending the Equipment Levy for an additional ten years beginning July 1, 2024 through June 30, 2034. The additional \$0.06 per \$1,000 levy can only be used for Instructional Equipment.

**Tax Levy Procedures**

The Certificates are general obligations of the College, payable from and secured by a continuing ad valorem tax levied against all of the property valuation within the College. As part of the budgetary process each fiscal year, the College will have an obligation to request a debt service levy to be applied against all of the taxable property within the College. A failure on the part of the College to make a timely levy request or a levy request by the College that is inaccurate or is insufficient to make full payments of the debt service of the Certificates for a particular fiscal year may cause Certificate holders to experience delay in the receipt of distributions of principal of and/or interest on the Certificates. In the event of a default in the payment of principal of or interest on the Certificates, there is no provision for acceleration of maturity of the principal of the Certificates. Consequently, the remedies of the owners of the Certificates (consisting primarily of an action in the nature of mandamus requiring the College and certain other public officials to perform the terms of the resolution for the Certificates) may have to be enforced from year to year.

Notwithstanding the foregoing, Iowa Code section 76.2 provides when an Iowa political subdivision issues general obligation bonds, “the governing authority of these political subdivisions before issuing bonds shall, by resolution, provide for the assessment of an annual levy upon all the taxable property in the political subdivision sufficient to pay the interest and principal of the bonds within a period named not exceeding twenty years. A certified copy of this resolution shall be filed with the county auditor or auditors of the counties in which the political subdivision is located; and the filing shall make it a duty of the auditor(s) to enter annually this levy for collection from the taxable property within the boundaries of the political subdivision until funds are realized to pay the bonds in full.”

**Utility Property Tax Replacement**

Property owned by entities involved primarily in the production, delivery, service and sale of electricity and natural gas (“Utilities”) pay a replacement tax based upon the delivery of energy by Utilities in lieu of property taxes. All replacement taxes are allocated among local taxing bodies by the State Department of Revenue and the Department of Management. This allocation is made in accordance with a general allocation formula developed by the Department of Management on the basis of general property tax equivalents. Utility properties paying the replacement tax are exempt from the levy of property tax by political subdivisions. In addition to the replacement tax, Utility property will continue to be valued by a special method as provided in the statute and taxed at the rate of three cents per one thousand dollars for the general fund of the State.

By statute, the replacement tax collected by the State and allocated among local taxing bodies (including the College) shall be treated as property tax when received and shall be disposed of by the county treasurer as taxes on real estate. It is possible that the general obligation debt capacity of the College could be adjudicated to be proportionately reduced in future years if Utility property were determined to be other than “taxable property” for purposes of computing the College’s debt limit under Article XI of the Constitution of the State of Iowa. There can be no assurance that future legislation will not (i) operate to reduce the amount of debt the College can issue or (ii) adversely affect the College’s ability to levy taxes in the future for the payment of the principal of and interest on its outstanding debt obligations, including the Certificates. Approximately 13% of the College’s levy year 2020 taxable valuation currently is utility property.

## **Tax Increment Financing**

The Code of Iowa currently authorizes the use of two types of tax increment financing by local taxing districts in the State of Iowa. The first type allows local governments to establish TIF districts for the purposes of financing designated urban renewal projects which contribute to the urban redevelopment and economic development of the immediate area. The taxable valuation used for this type of TIF district in the College for levy year 2020 is \$82,091,149.

The second type of tax increment financing was authorized by state legislative action in the mid-1980’s. The area community colleges can establish TIF districts by contract with specific local businesses and industries to provide jobs training programming for new employees of existing expanding businesses or employees of new businesses. The revenues from these job training TIF districts then retires the debt incurred from the issuance of jobs training certificates which finance the cost of jobs training programming over a maximum of ten years. Upon payment of all jobs training certificates, the district dissolves and the incremental value from the new or expanded business reverts to the general tax base. There is no current valuation for this second type of TIF district.

## **Legislation**

From time to time, legislative proposals are pending in Congress and the Iowa General Assembly that would, if enacted, alter or amend one or more of the property tax matters described herein. It cannot be predicted whether or in what forms any of such proposals, either pending or that may be introduced, may be enacted, and there can be no assurance that such proposals will not apply to valuation, assessment or levy procedures for taxes levied by the College or have an adverse impact on the future tax collections of the College. Purchasers of the Certificates should consult their tax advisors regarding any pending or proposed federal or state tax legislation. The opinions expressed by Bond Counsel are based upon existing legislation as of the date of issuance and delivery of the Certificates and Bond Counsel has expressed no opinion as of any date subsequent thereto or with respect to any pending federal or state tax legislation.

During the 2013 legislative session, the Iowa General Assembly enacted Senate File 295 (the “2013 Act”). Among other things, the Act (i) reduced the maximum annual taxable value growth percent, due to revaluation of existing residential and agricultural property to 3%, (ii) assigned a “rollback” (the percentage of a property’s value that is subject to tax) to commercial, industrial and railroad property of 90%, (iii) created a new property tax classification for multi-residential properties (apartments, nursing homes, assisted living facilities and certain other rental property) and assigned a declining rollback percentage to such properties for each year until the residential rollback percentage is reached in the 2022 assessment year, after which the rollback percentage for such properties will be equal to the residential rollback percentage each assessment year, and (iv) exempted a specified portion of the assessed value of telecommunication properties.

The Act includes a standing appropriation to replace some of the tax revenues lost by local governments, including tax increment districts, resulting from the new rollback for commercial and industrial property. Beginning in fiscal year 2018 the standing appropriation cannot exceed the actual 2017 appropriation amount. The appropriation does not replace losses to local governments resulting from the Act’s provisions that reduce the annual revaluation growth limit for residential and agricultural properties to 3%, the gradual transition for multi-residential properties from the residential rollback percentage (currently 53% of market value), or the reduction in the percentage of telecommunications property that is subject to taxation.

Given the wide scope of the statutory changes, and the State’s discretion in establishing the annual replacement amount that is appropriated each year commencing in fiscal 2018, the impact of the 2013 Act on the College’s future property tax collections is uncertain and the College has not attempted to quantify the financial impact of the 2013 Act’s provisions on the College’s future operations.

Notwithstanding any decrease in property tax revenues that may result from the 2013 Act, the Certificates are secured by an unlimited ad valorem property tax as described more fully in the “**SECURITY AND SOURCE OF PAYMENT**” herein.

From time to time, other legislative proposals may be considered by the Iowa General Assembly that would, if enacted, alter or amend one or more of the property tax matters described in this Official Statement. It cannot be predicted whether or in what forms any of such proposals may be enacted, and there can be no assurance that such proposals will not apply to valuation, assessment or levy procedures for the levy of taxes by the College.

**EMPLOYEE RETIREMENT AND OTHER POST EMPLOYMENT BENEFIT OBLIGATIONS**

**Pensions**

The College participates in two public pension systems, Iowa Public Employee's Retirement System (IPERS) and Teachers Insurance and Annuity Association ("TIAA"). Summary descriptions of each Plan follows, for more detail as to each available plans see **APPENDIX A – Notes (7) and (8)**.

In fiscal year 2020, pursuant to the IPERS’ required rate, the College’s Regular employees (members) contributed 6.29% of covered payroll and the College contributed 9.44% of covered payroll, for a total rate of 15.73%. The College’s contributions to IPERS for the year ended June 30, 2020 were \$1,315,422. The College’s share of the contributions, payable from the applicable funds of the College, is provided by a statutorily authorized annual levy of taxes without limit or restriction as to rate or amount. The College has always made its full required contributions to IPERS.

At June 30, 2020, the College reported a liability of \$10,695,385 for its proportionate share of the IPERS net pension liability. The net pension liability was measured as of June 30, 2019 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The discount rate used to measure the total pension liability was 7%. The College’s proportion of the net pension liability was based on the College’s share of contributions to the pension plan relative to the contributions of all IPERS participating employers.

In fiscal year 2020, pursuant to TIAA contribution requirements, the College’s Regular employees (members) contributed 6.29% of covered payroll and the College contributed 9.44% of covered payroll, for a total rate of 15.73%. For the year ended June 30, 2020, employee contributions totaled \$488,150 and the College recognized pension expense of \$764,282. The College’s share of the contributions, payable from the applicable funds of the College, is provided by a statutorily authorized annual levy of taxes without limit or restriction as to rate or amount. The College has always made its full required contributions to TIAA.

**Other Post-Employment Benefits (OPEB)**

The College administers a single-employer benefit plan which provides medical and prescription drug benefits for employees, retirees and their spouses. Group insurance benefits are established under Iowa Code Chapter 509A.13. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75.

The following table shows the College’s changes to the total OPEB liability:

Total OPEB Liability Beginning of Year .....	\$109,069
Changes for the year:	
Service Cost.....	7,678
Interest.....	4,700
Benefit Payments.....	<u>(4,218)</u>
Net Changes.....	<u>8,160</u>
Total OPEB Liability End of Year.....	\$117,229

See **APPENDIX A – Notes (7) (8) and (9)** herein for further discussion of the College’s employee retirement benefit obligations.

**Defined Contribution Pension Plan – Teachers Insurance and Annuity Association – (TIAA)**

The College contributes to the TIAA retirement program, which is a defined contribution pension plan. TIAA administers the retirement plan for the District. The defined contribution retirement plan provides individual annuities for each plan participant. As required by the Code of Iowa, all eligible College employees much participate in a retirement plan form the date they are employed.

## Defined Benefit Pension Plan – Iowa Public Employee’s Retirement System

The College also contributes to the Iowa Public Employees’ Retirement System (“IPERS”). The College’s employees are provided with pensions through a cost-sharing multiple employer defined pension plan administered by IPERS. IPERS benefits are established under Iowa Code, Chapter 97B and the administrative rules thereunder. The College’s employee who completed seven years of covered service or has reached the age of 65 while in IPERS covered employment becomes vested. If the College’s employee retires before normal retirement age, the employee’s monthly retirement benefit will be permanently reduced by an early retirement reduction. IPERS provides pension benefits as well as disability benefits to College employees and benefits to the employees’ beneficiaries upon the death of the eligible employee. Additionally, copies of IPERS annual financial report may be obtained from [www.ipers.org](http://www.ipers.org). However, the information presented in such financial reports or on such websites is not incorporated into this Official Statement by any reference.

Effective July 1, 2012, as a result of a 2010 law change, IPERS contribution rates for the College and its employees are established by IPERS following the annual actuarial valuation (which applies IPERS’ Contribution Rate Funding Policy and Actuarial Amortization method.) State statute, however, limits the amount rates can increase or decrease each year to one (1) percentage point. Therefore, any difference between the actuarial contribution rates and the contributions paid is due entirely to statutorily set contributions that may differ from the actual contribution rates. As a result, while the contribution rate in the fiscal year ended June 30, 2017 equaled the actuarially required rate, there is no guarantee, due to this statutory limitation on rate increases, that the contribution rate will meet or exceed the actuarially required rate in the future.

The following table sets forth the contributions made by the College and employees to IPERS for the period indicated.

<u>Fiscal Year</u>	<u>% of Payroll Paid by the College</u>	<u>% of Payroll Paid by Employee</u>
2017.....	8.93%	5.95%
2018.....	8.93%	5.95%
2019.....	9.44%	6.29%
2020.....	9.44%	6.29%
2021.....	9.44%	6.29%

The College cannot predict the levels of funding that will be required in the future as any IPERS unfunded pension benefit obligation could be reflected in future years in higher contribution rates. The investment of moneys, assumptions underlying the same and the administration of IPERS is not subject to the direction of the College. Thus, it is not possible to predict, control or prepare for future unfunded accrued actuarial liabilities of IPERS (“UAALs”). The UAAL is the difference between total actuarially accrued liabilities and actuarially calculated assets available for the payment of such benefits. The UAAL is based on assumptions as to retirement age, mortality, projected salary increases attributed to inflation, across-the-board raises and merit raises, adjustments, cost-of-living adjustments, valuation of current assets, investment return and other matters. Such UAAL could be substantial in the future, requiring significantly increased contributions from the College which could affect other budgetary matters.

The following table sets forth certain information about the funding status of IPERS that has been extracted from the comprehensive annual financial reports of IPERS for fiscal years ended June 30, 2016 through, and including, 2020 (collectively, the “IPERS CAFRs (2016-2020)”), and the actuarial valuation reports provided to IPERS by Cavanaugh Macdonald Consulting, LLC (collectively, the “IPERS Actuarial Reports (2016-2020)”). Additional information regarding IPERS and its latest actuarial valuations can be obtained by contacting IPERS administrative staff.

### **REGISTRATION, TRANSFER AND EXCHANGE**

See also **APPENDIX B - BOOK-ENTRY SYSTEM** for information on registration, transfer and exchange of book-entry bonds. The Certificates will be initially issued as book-entry bonds.

The College shall cause books (the “Certificate Register”) for the registration and for the transfer of the Certificates to be kept at the principal office maintained for the purpose by the Registrar in West Des Moines, Iowa. The College will authorize to be prepared, and the Registrar shall keep custody of, multiple bond blanks executed by the College for use in the transfer and exchange of Certificates.

Any Certificate may be transferred or exchanged, but only in the manner, subject to the limitations, and upon payment of the charges as set forth in the Certificate Resolution. Upon surrender for transfer or exchange of any Certificate at the principal office maintained for the purpose by the Registrar, duly endorsed by, or accompanied by a written instrument or instruments of transfer in form satisfactory to the Registrar and duly executed by the registered owner or such owner’s attorney duly authorized in writing, the College shall execute and the Registrar shall authenticate, date and deliver in the name of the registered owner, transferee or transferees (as the case may be) a new fully registered Certificate or Certificates of the same maturity and interest rate of authorized denominations, for a like aggregate principal amount.

The execution by the College of any fully registered Certificate shall constitute full and due authorization of such Certificate, and the Registrar shall thereby be authorized to authenticate, date and deliver such Certificate, provided, however, the principal amount of outstanding Certificates of each maturity authenticated by the Registrar shall not exceed the authorized principal amount of Certificates for such maturity less Certificates previously paid.

The Registrar shall not be required to transfer or exchange any Certificate following the close of business on the fifteenth day of the month next preceding an interest payment date on such bond (known as the record date), nor to transfer or exchange any Certificate after notice calling such Certificate for redemption has been mailed, nor during a period of fifteen days next preceding mailing of a notice of redemption of any Certificates.

The person in whose name any Certificate shall be registered shall be deemed and regarded as the absolute owner thereof for all purposes, and payment of the principal of or interest on any Certificates shall be made only to or upon the order of the registered owner thereof or such owner’s legal representative. All such payments shall be valid and effectual to satisfy and discharge the liability upon such Certificate to the extent of the sum or sums so paid.

No service charge shall be made for any transfer or exchange of Certificates, but the College or the Registrar may require payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection with any transfer or exchange of Certificates except in the case of the issuance of a Certificate or Certificates for the unredeemed portion of a bond surrendered for redemption.

## **TAXABILITY OF INTEREST**

### **General**

The following discussion is a summary of certain Federal income tax consequences relating to the purchase, ownership, and disposition of the Certificates. This discussion does not purport to deal with all aspects of Federal income taxation that may affect particular investors in light of their individual circumstances, and is limited to investors who hold the Certificates as capital assets under Section 1221 of the Code, which generally means property held for investment. Prospective investors, particularly those subject to special rules, should consult their tax advisors regarding the consequences of purchasing, owning, and disposing of the Certificates for Federal income tax purposes, and for State and local tax purposes.

### **Interest Income Taxable**

In general, interest on the Certificates is includable in the gross income of the owners thereof as ordinary interest income for Federal income tax purposes. Except for original issue discount, which accrues under special rules, interest income on the Certificates is so included in the gross income of the owners when accrued or received in accordance with the owner's regular method of Federal tax accounting.

### **Sale, Exchange, or Other Disposition**

In general, upon the sale, exchange, or redemption of a Certificate, an owner will recognize taxable gain or loss in an amount equal to the difference between the amount realized and the owner's adjusted tax basis in the Certificate. An owner's adjusted tax basis in a Certificate generally will equal the owner's initial cost of the Certificate, plus any accrued original issue discount and accrued market discount previously included in the owner's taxable income. Such gain or loss generally will be capital gain or loss. Such gain or loss generally will be long-term capital gain or loss if the owner has held the Certificate for more than one year. Subject to various special rules, the Code currently provides preferential treatment for certain net long-term capital gains realized by individuals and generally limits the use by any taxpayer of capital losses to reduce ordinary income.

### **Backup Withholding and Information Reporting**

In general, information reporting requirements will apply to non-corporate owners of Certificates with respect to payments of the principal of and interest on the Certificates and proceeds of sale of such Certificates before maturity. Backup withholding at a rate of 28% generally will apply to such payments unless the owner: (i) is a corporation or other exempt recipient and, when required, demonstrates that fact, or (ii) provides a correct taxpayer identification number, certifies under penalties of perjury when required that such owner is not subject to backup withholding, and has not been notified by the IRS that it has failed to report all interest and dividends required to be shown on its Federal income tax returns. Purchasers of the Certificates should consult their own tax advisors with respect to impacts of the taxability of interest.

### **Enforcement**

Holders of the Certificates shall have and possess all the rights of action and remedies afforded by the common law, the Constitution and statutes of the State of Iowa and of the United States of America for the enforcement of payment of the Certificates, including, but not limited to, the right to a proceeding in law or in equity by suit, action or mandamus to enforce and compel performance of the duties required by Iowa law and the resolutions authorizing issuance of the Certificates (the "Certificates Resolutions").

The practical realization of any rights upon any default will depend upon the exercise of various remedies specified in the Certificates Resolutions. The remedies available to the owners of the Certificates upon an event of default under the Certificates Resolutions, in certain respects, may require judicial action, which is often subject to discretion and delay. Under existing law, including specifically the federal bankruptcy code, certain of the remedies specified in the Certificates Resolutions may not be readily available or may be limited. A court may decide not to order the specific performance of the covenants contained in these documents. The legal opinions to be delivered concurrently with the delivery of the Certificates will be qualified as to the enforceability of the various legal instruments by limitations imposed by general principles of equity and public policy and by bankruptcy, reorganization, insolvency or other similar laws affecting the rights of creditors generally.

No representation is made, and no assurance is given, that the enforcement of any remedies with respect to such assets will result in sufficient funds to pay all amounts due under the Certificates Resolutions, including principal of and interest on the Certificates.

## Opinion

Bond Counsel's opinion is not a guarantee of a result, or of the transaction on which the opinion is rendered, or of the future performance of parties to the transaction, but represents its legal judgment based upon its review of existing statutes, regulations, published rulings and court decisions and the representations and covenants of the College described in this section. No ruling has been sought from the Service with respect to the matters addressed in the opinion of Bond Counsel and Bond Counsel's opinion is not binding on the Service. Bond Counsel assumes no obligation to update its opinion after the issue date to reflect any further action, fact or circumstance, or change in law or interpretation, or otherwise. See "APPENDIX C" for a draft form of legal opinion for the Certificates.

**ALL POTENTIAL PURCHASERS OF THE CERTIFICATES SHOULD CONSULT WITH THEIR TAX ADVISORS WITH RESPECT TO FEDERAL, STATE AND LOCAL TAX CONSEQUENCES OF OWNERSHIP OF THE CERTIFICATES (INCLUDING BUT NOT LIMITED TO THOSE LISTED ABOVE).**

## CONTINUING DISCLOSURE

For the purpose of complying with Rule 15c2-12 of the Securities Exchange Commission, as amended and interpreted from time to time (the "Rule"), the College will covenant and agree, for the benefit of the registered holders or beneficial owners from time to time of the outstanding Certificates to provide reports of specified information and notice of the occurrence of certain events, as hereinafter described (the "Disclosure Covenants"). The information to be provided on an annual basis, and the events as to which notice is to be given, is set forth in "APPENDIX D – Form of Continuing Disclosure Certificate". This covenant is being made by the College to assist the Underwriter(s) in complying with the Rule.

Breach of the Disclosure Covenants will not constitute a default or an "Event of Default" under the Certificates or Resolution, respectively. A broker or dealer is to consider a known breach of the Disclosure Covenants, however, before recommending the purchase or sale of the Certificates in the secondary market. Thus, a failure on the part of the College to observe the Disclosure Covenants may adversely affect the transferability and liquidity of the Certificates and their market price.

In the previous five (5) years, for fiscal years ending June 30, 2016 through 2018, inclusive, the College has failed to comply with previous Undertakings including: (a) failing to timely file certain annual financial information/operating data; and (b) failing to provide certain requirement annual financial information/operating data in its annual filings; and (c) failing to file or timely file certain notices. The College has not filed the updated information or filed any notices since none of the bonds are outstanding.

Bond Counsel expresses no opinion as to whether the Disclosure Covenants comply with the requirements of Section (b)(5) of the Rule.

## OPTIONAL REDEMPTION

Certificates due June 1, 2022 - 2027 inclusive, are not subject to optional redemption. Certificates due June 1, 2028 - 2031, inclusive, are callable in whole or in part on any date on or after June 1, 2027, at a price of par and accrued interest. If selection by lot within a maturity is required, the Registrar shall designate the Certificates to be redeemed by random selection of the names of the registered owners of the entire annual maturity until the total amount of Certificates to be called has been reached.

If less than all of the maturity is called for redemption, the College will notify DTC of the particular amount of such maturity to be redeemed prior to maturity. DTC will determine by lot the amount of each Participant's interest in such maturity to be redeemed and each participant will then select by lot the beneficial ownership interests in such maturity to be redeemed.

Thirty days' written notice of redemption shall be given to the registered owner of the Certificate. Failure to give written notice to any registered owner of the Certificates or any defect therein shall not affect the validity of any proceedings for the redemption of the Certificates. All Certificates or portions thereof called for redemption will cease to bear interest after the specified redemption date, provided funds for their redemption are on deposit at the place of payment. Written notice will be deemed completed upon transmission to the owner of record.

## LITIGATION

There is no litigation of any nature now pending or threatened restraining or enjoining the issuance, sale, execution or delivery of the Certificates, or in any way contesting or affecting the validity of the Certificates or any proceedings of the College taken with respect to the issuance or sale thereof. There is no litigation now pending, or to the knowledge of the College, threatened against the College that is expected to materially impact the financial condition of the College.

## LEGAL MATTERS

The Certificates are subject to approval as to certain legal matters by Ahlers & Cooney, P.C., Des Moines, Iowa, as Bond Counsel. Bond Counsel has not participated in the preparation of this Official Statement except for guidance concerning the sections regarding "**TAX MATTERS**", and will not pass upon its accuracy, completeness, or sufficiency. Bond Counsel has not examined nor attempted to examine or verify any of the financial or statistical statements, or data contained in this Official Statement, and will express no opinion with respect thereto. A legal opinion in substantially the form set forth in **APPENDIX C** to this Official Statement will be delivered at closing.

The legal opinion to be delivered concurrently with the delivery of the Certificates expresses the professional judgment of the attorneys rendering the opinion as to legal issues expressly addressed therein. By rendering a legal opinion, the opinion giver does not become an insurer or guarantor of the result indicated by that expression of professional judgment, or of the transaction on which the opinion is rendered, or of the future performance of parties to the transaction. Nor does the rendering of an opinion guarantee the outcome of any legal dispute that may arise out of the transaction.

In addition, the enforceability of the rights and remedies of owners of the Certificates may be subject to limitation as set forth in the Bond Counsel's opinion. The opinion will state, in part, that the obligation of the College with respect to the Certificates may be subject to bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted to the extent constitutionally applicable, and to the exercise of judicial discretion in appropriate cases.

Independent Auditor's Report

To the Board of Trustees of  
Indian Hills Community College:

Report on the Financial Statements

We have audited the accompanying financial statements of Indian Hills Community College, Ottumwa, Iowa, and its aggregate discretely presented component units as of and for the year ended June 30, 2020, and the related Notes to Financial Statements, which collectively comprise the College's basic financial statements listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles. This includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the component units of the Community College discussed in note 1, which represent 100% of the assets and revenues of the discretely presented component units. Those financial statements were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to those units, is based solely on the reports of the other auditors. We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The financial statements of the component units were not audited in accordance with Government Auditing Standards.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the College's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## Opinion

In our opinion, based on our audit and the reports of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of Indian Hills Community College and its aggregate discretely presented component units as of June 30, 2020, and the respective changes in its financial position and, where applicable, its cash flows thereof for the year then ended in accordance with U.S. generally accepted accounting principles.

## Other Matters

### *Required Supplementary Information*

U.S. generally accepted accounting principles require Management's Discussion and Analysis, the Schedule of the College's Proportionate Share of the Net Pension Liability, the Schedule of College Contributions and the Schedule of Changes in the College's Total OPEB Liability, Related Ratios and Notes on pages 8 through 13 and 46 through 51 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board which considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with U.S. generally accepted auditing standards, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

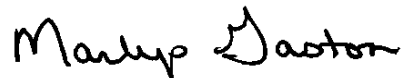

### *Supplementary Information*

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise Indian Hills Community College's basic financial statements. We previously audited, in accordance with the standards referred to in the third paragraph of this report, the financial statements for the nine years ended June 30, 2019 (which are not presented herein) and expressed unmodified opinions on those financial statements. The supplementary information included in Schedules 1 through 11, including the Schedule of Expenditures of Federal Awards required by Title 2, U.S. Code of Federal Regulations, Part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards (Uniform Guidance), is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The supplementary information is the responsibility of Indian Hills Community College's management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with U.S. generally accepted auditing standards by us and other auditors. In our opinion, based on our audit, the procedures performed as described above, and the report of the other auditors, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated November 24, 2020 on our consideration of Indian Hills Community College's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the effectiveness of the College's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering Indian Hills Community College's internal control over financial reporting and compliance.

### **REPORTING THE COLLEGE'S FINANCIAL ACTIVITIES**

#### **The Statement of Net Position**

The Statement of Net Position presents financial information on all of the College's assets, deferred outflows of resources, liabilities and deferred inflows of resources, with the difference reported as net position. The Statement of Net Position is a point-in-time financial statement. The purpose of this statement is to present a fiscal snapshot of the College to the readers of the financial statements. The Statement of Net Position includes year-end information concerning current and non-current assets, deferred outflows of resources, current and non-current liabilities, deferred inflows of resources and net position. Over time, readers of the financial statements will be able to determine the College's financial position by analyzing the increases and decreases in net position. The statement presents the available assets which can be used to satisfy liabilities owed to outside vendors and creditors.

## Net Position

	2020	2019
Current and other assets	\$ 42,991,496	36,474,105

Total net position	\$ 58,641,289	56,535,245

The largest portion of the College's net position (82%) is in the category 'Net investment in capital assets' (land, buildings and equipment). The restricted portion of the net position represents resources subject to external restrictions. The restricted net position increased approximately \$1,068,000 over the prior year, primarily due to funds held for the self-funded health insurance program. The remaining net position is unrestricted and may be used to meet the College's operating obligations as they become due. The increase in the unrestricted net position is due, in part, to unspent note proceeds during the year.

### Statement of Revenues, Expenses and Changes in Net Position

Total net position presented in the Statement of Net Position is based on the activity presented in the Statement of Revenues, Expenses and Changes in Net Position. The purpose of the statement is to present the College's revenues earned and expenses incurred, classified by operating and non-operating, and any other revenues, expenses, gains and losses incurred during the fiscal year just ended.

Generally, a public, state supported college, such as Indian Hills Community College, will report an operating loss as the financial reporting model classifies state appropriations, Pell grants and property tax as non-operating revenues. Operating revenues are received for providing goods and services to the students, customers and constituencies of the College. Operating expenses are those expenses paid to acquire and produce the goods and services provided in return for the operating revenues and to perform the mission of the College. Non-operating revenues are revenues received for which goods and services are not provided. The utilization of capital assets is reflected in the financial statements as depreciation/amortization, which allocates the cost of an asset over its expected useful life.

## **ECONOMIC FACTORS**

Indian Hills Community College managed its financial position carefully during the current fiscal year. The economic position of the College is closely tied to the State of Iowa, with the State's overall economy and educational funding remaining a priority of College officials. Like many state assisted colleges, Indian Hills Community College faces the following potential financial challenges:

- To identify, secure, and allocate the financial resources necessary to best support College, student and regional needs.
- To maintain current levels of services and operations, tuition revenue from rate increases must continue to help offset any shortfall in state funding and enrollment levels.
- Higher tuition is followed by an increased need for student financial aid, scholarship support and student loans.
- To continue to offer current, relevant educational programs and student services to attract and retain the diverse population the College serves.
- To provide a quality learning environment focused on student success.
- Aging College facilities and infrastructure require continual maintenance and renovation to meet the current and future needs.
- To implement technology and equipment solutions that best meet student, staff and regional needs.
- To continue to prepare, prevent and respond to the Coronavirus pandemic.

The College continues monitoring expenses, implementing process improvements, pursuing new revenue sources and managing budget allocations to best fulfill the mission of the College with student learning as the central unifying purpose.

Indian Hills Community College

Notes to Financial Statements

June 30, 2020

**(1) Summary of Significant Accounting Policies**

Indian Hills Community College is a publicly supported school established and operated by Merged Area XV under the provisions of Chapter 260C of the Code of Iowa. Indian Hills Community College offers programs of adult and continuing education, lifelong learning, community education and up to two years of liberal arts, pre-professional or occupational instruction partially fulfilling the requirements for a baccalaureate degree but confers no more than an associate degree. Indian Hills Community College also offers up to two years of career and technical education, training or retraining to persons who are preparing to enter the labor market. Indian Hills Community College maintains campuses in Ottumwa and Centerville, Iowa, and at the Ottumwa Industrial Airport and has its administrative offices in Ottumwa. Indian Hills Community College is governed by a Board of Trustees whose members are elected from each director district within Merged Area XV.

The College's financial statements are prepared in conformity with U.S. generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board.

A. Reporting Entity

For financial reporting purposes, Indian Hills Community College has included all funds, organizations, agencies, boards, commissions and authorities. The College has also considered all potential component units for which it is financially accountable and other organizations for which the nature and significance of their relationship with the College are such that exclusion would cause the College's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body and (1) the ability of the College to impose its will on that organization or (2) the potential for the organization to provide specific benefits to or impose specific financial burdens on the College.

These financial statements present Indian Hills Community College (the primary government) and its component units. The component units discussed below are included in the College's reporting entity because of the significance of their operational or financial relationships with the College. Certain disclosures about the component units are not included because the component units have been audited separately and reports have been issued under separate cover. The audited financial statements are available at the College.

Discrete Component Units

Indian Hills Community College Development Corporation, Inc. is a legally separate not-for-profit corporation established to operate certain dormitories for the College and assist in promoting the College. The Development Corporation is governed by a Board of Directors who are appointed by the existing Development Corporation board members. Although the College does not control the timing or amount of receipts from the Development Corporation, the majority of the resources held by the Development Corporation are used for the benefit of the College and its students. The address of the Development Corporation is 525 Grandview Avenue, Ottumwa, Iowa 52501.

Indian Hills Community College Foundation, Inc. is a legally separate not-for-profit organization established to solicit and receive gifts and grants and make contributions to or for the benefit of Indian Hills Community College. The Foundation is governed by a Board of Directors who are appointed by the existing Foundation board members. Although the College does not control the timing or amount of receipts from the Foundation, the majority of the resources held are used for the benefit of the College and its students. The address of the Foundation is 525 Grandview Avenue, Ottumwa, Iowa 52501.

The Development Corporation and Foundation are non-profit organizations which report under accounting standards established by the Financial Accounting Standards Board (FASB). The Development Corporation's and the Foundation's financial statements were prepared in accordance with the provisions of GASB No. 117, Financial Statements of Not-for-Profit Organizations. As such, certain revenue recognition criteria and presentation features are different from GASB revenue recognition criteria and presentation features. No modifications have been made to the Development Corporation's and the Foundation's financial information in the College's financial reporting for these differences. The Development Corporation and the Foundation report net assets, which is equivalent to net position reported by the College. During fiscal year 2020 the Foundation implemented FASB Accounting Standard Update (ASU) 2016-14. This standard requires net assets be presented in two classes of net assets instead of the previous three classes of net assets. Net assets are presented as without donor restrictions or with donor restrictions. The implementation of ASU 2016-14 did not affect the Foundation's net assets beginning of year, as presented on Exhibit E. Copies of the Development Corporation's and the Foundation's financial statements may be obtained by contacting the Development Corporation or the Foundation.

B. Basis of Presentation

GASB Statement No. 35 establishes standards for external financial reporting for public colleges and universities and requires resources to be classified for accounting and reporting purposes into the following net position categories:

Net Investment in Capital Assets - Capital assets, net of accumulated depreciation/amortization and outstanding debt obligations attributable to the acquisition, construction or improvements of those assets.

Restricted Net Position:

Nonexpendable - Net position subject to externally imposed stipulations that they be maintained permanently by the College, including the College's permanent endowment funds.

Expendable - Net position whose use by the College is subject to externally imposed stipulations that can be fulfilled by actions of the College pursuant to those stipulations or that expire by the passage of time.

Unrestricted Net Position – Net position not subject to externally imposed stipulations. Resources may be designated for specific purposes by action of management or by the Board of Trustees or may otherwise be limited by contractual agreements with outside parties. Substantially all unrestricted net position is designated for academic and general programs of the College.

GASB Statement No. 35 also requires the Statements of Net Position, Revenues, Expenses and Changes in Net Position and Cash Flows be reported on a consolidated basis. These basic financial statements report information on all of the activities of the College. For the most part, the effect of interfund activity has been removed from these statements.

C. Measurement Focus and Basis of Accounting

For financial reporting purposes, Indian Hills Community College is considered a special-purpose government engaged only in business type activities as defined in GASB Statement No. 34. Accordingly, the basic financial statements of the College have been prepared using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property tax is recognized as revenue in the year for which it is levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Net Position

Cash, Cash Equivalents and Pooled Investments – Investments are stated at fair value except for the investment in the Iowa Schools Joint Investment Trust and The Education Liquidity Fund which are valued at amortized cost and non-negotiable certificates of deposit which are stated at amortized cost.

For purposes of the Statement of Cash Flows, all short-term cash investments that are highly liquid are considered to be cash equivalents. Cash equivalents are readily convertible to known amounts of cash and, at the day of purchase, have a maturity date no longer than three months.

Due from Other Governments – This represents state aid, grants and reimbursements due from the State of Iowa and grants and reimbursements due from the Federal government.

Inventories – Inventories are valued at lower of cost (first-in, first-out method) or market. The cost is recorded as an expense at the time individual inventory items are consumed.

Property Tax Receivable – Property tax receivable is recognized on the levy or lien date, which is the date the tax asking is certified by the Board of Trustees to the appropriate County Auditors. Delinquent property tax receivable represents unpaid taxes from the current and prior years. The succeeding year property tax receivable represents taxes certified by the Board of Trustees to be collected in the next fiscal year for the purposes set out in the budget for the next fiscal year. By statute, the Board of Trustees is required to certify its budget to the County Auditor by March 15 of each year for the subsequent fiscal year. However, by statute, the tax asking and budget certification for the following fiscal year becomes effective on the first day of that year. Although

the succeeding year property tax receivable has been recorded, the related revenue is reported as a deferred inflow of resources and will not be recognized as revenue until the year for which it is levied.

Receivable for Iowa Industrial New Jobs Training Program (NJTP) – This represents the amount to be remitted to the College for training projects entered into between the College and employers under the provisions of Chapter 260E of the Code of Iowa. The receivable amount is based on expenditures incurred through June 30, 2020 on NJTP projects, including interest incurred on NJTP certificates, less revenues received to date.

Capital Assets – Capital assets include property, equipment and vehicles and intangibles acquired after July 1, 1980. Capital assets are recorded at historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value. Acquisition value is the price that would have been paid to acquire a capital asset with equivalent service potential. The costs of normal maintenance and repair that do not add to the value of the asset or materially extend asset lives are not capitalized.

Reportable capital assets are defined by the College as assets with initial, individual costs in excess of the following thresholds and estimated useful lives in excess of two years:

Asset Class	Amount
Land, buildings, and improvements	\$ 25,000
Intangible assets	10,000
Equipment and vehicles	5,000

Depreciation/amortization is computed using the straight-line method over the following estimated useful lives:

Asset Class	Estimated Useful Lives (In Years)
Buildings and improvements	15 - 50
Intangible assets	5
Equipment and vehicles	3 - 5

The College does not capitalize or depreciate library books. The value of each book falls below the capital asset threshold and the balance was deemed immaterial to the financial statements.

Deferred Outflows of Resources – Deferred outflows of resources represent a consumption of net position applicable to a future year(s) which will not be recognized as an outflow of resources (expense) until then. Deferred outflows of resources consist of unrecognized items not yet charged to pension and OPEB expense and contributions from the College after the measurement date but before the end of the College’s reporting period.

Salaries and Benefits Payable – Payroll and related expenses for teachers with annual contracts corresponding to the current school year, which are payable in July and August, have been accrued as liabilities.

Advances from Others – Advances from others represents fees and payments received in the current fiscal year, but the revenues will not be earned until the following fiscal year.

Compensated Absences – College employees accumulate a limited amount of earned but unused leave for subsequent use or for payment upon termination, death or retirement. Amounts representing the cost of compensated absences are recorded as liabilities. These liabilities have been computed based on rates of pay in effect at June 30, 2020.

Pensions – For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions and pension expense, information about the fiduciary net position of the Iowa Public Employees' Retirement System (IPERS) and additions to/deductions from IPERS' fiduciary net position have been determined on the same basis as they are reported by IPERS. For this purpose, benefit payments, including refunds of employee contributions, are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Total OPEB Liability – For purposes of measuring the total OPEB liability, deferred outflows of resources related to OPEB and OPEB expense, information has been determined based on the Indian Hills Community College's actuary report. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms.

Deferred Inflows of Resources – Deferred inflows of resources represents an acquisition of net position applicable to a future year(s) which will not be recognized as an inflow of resources (revenue) until that time. Deferred inflows of resources in the Statement of Net Position consists of succeeding year property tax receivable which will not be recognized as revenue until the year for which it is levied, unrecognized items not yet charged to pension and OPEB expense and the unamortized portion of the net difference between projected and actual earnings on pension plan assets.

Auxiliary Enterprise Revenues – Auxiliary enterprise revenues primarily represent revenues generated by the bookstore, food service, housing, printing, central stores and athletics.

Summer Session – The College operates summer sessions during May, June and July. Revenues and expenses for the summer sessions are recorded in the appropriate fiscal year. Tuition and fees are allocated based on the number of calendar days in a session.

Tuition and Fees – Tuition and fees revenues are reported net of scholarship allowances, while stipends and other payments made directly to students are presented as scholarship and fellowship expenses.

Operating and Non-operating Activities – Operating activities, as reported in the Statement of Revenues, Expenses and Changes in Net Position, are transactions that result from exchange transactions, such as payments received for providing services and payments made for services or goods received. Non-operating activities include state appropriations, Pell grants, property tax and interest income.

## E. Scholarship Allowances and Student Aid

Financial aid to students is reported in the financial statements under the alternative method, as prescribed by the National Association of College and University Business Officers (NACUBO). Certain aid (loans, funds provided to students as awarded by third parties and Federal Direct Lending) is accounted for as third-party payments (credited to the student's account as if the student made the payment). All other aid is reflected in the financial statements as operating expenses or scholarship allowances, which reduce revenues. The amount reported as operating expenses represents the portion of aid that was provided to the student in the form of cash. Scholarship allowances represent the portion of aid provided to the student in the form of reduced tuition. Under the alternative method, these amounts are computed on a total College basis by allocating the cash payments to students, excluding payments for services, on the ratio of all aid to the aid not considered to be third party aid.

### (2) **Cash, Cash Equivalents and Pooled Investments**

The College's deposits in banks at June 30, 2020 were entirely covered by federal depository insurance or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to ensure there will be no loss of public funds.

The College is authorized by statute to invest public funds in obligations of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the Board of Trustees; prime eligible bankers acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; certain joint investment trusts; and warrants or improvement certificates of a drainage district.

At June 30, 2020, the College had investments of \$3,921,951 in a diversified portfolio in the Iowa Schools Joint Investment Trust (ISJIT). The investments are valued at an amortized cost pursuant to Rule 2a-7 under the Investment Company Act of 1940. There were no limitations or restrictions on withdrawals for the ISJIT investments. The investments in ISJIT were rated AAA by Standard & Poor's Financial Services.

#### Component Units

The Indian Hills Community College Foundation (Foundation) categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The Foundation has the following recurring fair value measurement as of June 30, 2020:

<u>Investments</u>	<u>Fair Value</u>	<u>Level 1</u>	<u>Level 2</u>
Cash and cash equivalents	\$ 1,480,522	1,480,522	-

Total	<u>\$ 31,646,332</u>	<u>19,894,420</u>	<u>11,751,912</u>

Level 1 inputs are quoted prices in active markets for identical assets. Level 2 inputs are significant other observable inputs. Level 3 inputs are significant unobservable inputs.

At June 30, 2020, the Indian Hills Community College Development Corporation (Development Corporation) had investments of \$408,463 in a diversified portfolio in ISJIT. The investments are valued at an amortized cost pursuant to Rule 2a-7 under the Investment Company Act of 1940. There were no limitations or restrictions on withdrawals for the ISJIT investments.

Interest rate risk – The Foundation’s Board has determined that the Foundation can tolerate some interim fluctuation in the funds’ market value and rates of return in order to achieve long-term growth objectives. Given this, the Foundation has determined that its risk tolerance is conservative.

Plan Description – IPERS membership is mandatory for employees of the College except for those covered by another retirement system. Employees of the College are provided with pensions through a cost-sharing multiple employer defined benefit pension plan administered by IPERS. IPERS issues a stand-alone financial report which is available to the public by mail at PO Box 9117, Des Moines, Iowa 50306-9117 or at [www.ipers.org](http://www.ipers.org).

IPERS benefits are established under Iowa Code Chapter 97B and the administrative rules thereunder. Chapter 97B and the administrative rules are the official plan documents. The following brief description is provided for general informational purposes only. Refer to the plan documents for more information.

Pension Benefits – A Regular member may retire at normal retirement age and receive monthly benefits without an early-retirement reduction. Normal retirement age is age 65, any time after reaching age 62 with 20 or more years of covered employment or when the member's years of service plus the member's age at the last birthday equals or exceeds 88, whichever comes first. These qualifications must be met on the member's first month of entitlement to benefits. Members cannot begin receiving retirement benefits before age 55. The formula used to calculate a Regular member's monthly IPERS benefit includes:

- A multiplier based on years of service.
- The member's highest five-year average salary, except members with service before June 30, 2012, will use the highest three-year average salary as of that date if it is greater than the highest five-year average salary.

If a member retires before normal retirement age, the member's monthly retirement benefit will be permanently reduced by an early-retirement reduction. The early-retirement reduction is calculated differently for service earned before and after July 1, 2012. For service earned before July 1, 2012, the reduction is 0.25% for each month the member receives benefits before the member's earliest normal retirement age. For service earned on or after July 1, 2012, the reduction is 0.50% for each month the member receives benefits before age 65.

Generally, once a member selects a benefit option, a monthly benefit is calculated and remains the same for the rest of the member's lifetime. However, to combat the effects of inflation, retirees who began receiving benefits prior to July 1990 receive a guaranteed dividend with their regular November benefit payments.

Disability and Death Benefits – A vested member who is awarded federal Social Security disability or Railroad Retirement disability benefits is eligible to claim IPERS benefits regardless of age. Disability benefits are not reduced for early retirement. If a member dies before retirement, the member's beneficiary will receive a lifetime annuity or a lump-sum payment equal to the present actuarial value of the member's accrued benefit or calculated with a set formula, whichever is greater. When a member dies after retirement, death benefits depend on the benefit option the member selected at retirement.

Contributions – Contribution rates are established by IPERS following the annual actuarial valuation which applies IPERS' Contribution Rate Funding Policy and Actuarial Amortization Method. State statute limits the amount rates can increase or decrease each year to 1 percentage point. IPERS Contribution Rate Funding Policy requires the actuarial contribution rate be determined using the "entry age normal" actuarial cost method and the actuarial assumptions and methods approved by the IPERS Investment Board. The actuarial contribution rate covers normal cost plus the unfunded actuarial liability payment based on a 30-year amortization period. The payment to amortize the unfunded actuarial liability is determined as a level percentage of payroll based on the Actuarial Amortization Method adopted by the Investment Board.

In fiscal year 2020, pursuant to the required rate, Regular members contributed 6.29% of covered payroll and the College contributed 9.44% of covered payroll, for a total rate of 15.73%.

The College's contributions to IPERS for the year ended June 30, 2020 totaled \$1,315,422.

Net Pension Liability, Pension Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions – At June 30, 2020, the College reported a liability of \$10,695,385 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2019 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The College’s proportion of the net pension liability was based on the College’s share of contributions to IPERS relative to the contributions of all IPERS participating employers. At June 30, 2019, the College’s proportion was 0.184701%, which was a decrease of 0.007348% from its proportion measured as of June 30, 2018.

For the year ended June 30, 2020, the College recognized pension expense of \$1,758,390. At June 30, 2020, the College reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 29,651	384,550
Changes of assumptions	1,145,629	-
Net difference between projected and actual earnings on IPERS' investments	-	1,205,242
Changes in proportion and differences between College contributions and College's proportionate share of contributions	59,300	777,661
College's contributions subsequent to the measurement date	1,315,422	-
Total	<u>\$ 2,550,002</u>	<u>2,367,453</u>

\$1,315,422 reported as deferred outflows of resources related to pensions resulting from the College’s contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ending June 30,	Total
2021	\$ 64,415
2022	(450,644)
2023	(372,419)
2024	(307,487)
2025	(66,738)
Total	<u>\$ (1,132,873)</u>

There are no non-employer contributing entities to IPERS.

Actuarial Assumptions – The total pension liability in the June 30, 2019 actuarial valuation was determined using the following actuarial assumptions applied to all periods included in the measurement:

Rate of inflation (effective June 30, 2017)	2.60% per annum.
Rates of salary increase (effective June 30, 2017)	3.25 to 16.25% average, including inflation. Rates vary by membership group.
Long-term investment rate of return (effective June 30, 2017)	7.00% compounded annually, net of investment expense, including inflation.
Wage growth (effective June 30, 2017)	3.25% per annum, based on 2.60% inflation and 0.65% real wage inflation.

The actuarial assumptions used in the June 30, 2019 valuation were based on the results of an economic assumption study dated March 24, 2017 and a demographic assumption study dated June 28, 2018.

Mortality rates used in the 2018 valuation were based on the RP-2014 Employee and Healthy Annuitant Tables with MP-2017 generational adjustments.

The long-term expected rate of return on IPERS' investments was determined using a building-block method in which best-estimate ranges of expected future real rates (expected returns, net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Asset Allocation	Long-Term Expected Real Rate of Return
Domestic equity	22.0%	6.01%
International equity	15.0	6.48
Global smart beta equity	3.0	6.23
Core plus fixed income	27.0	1.97
Public credit	3.5	3.93
Public real assets	7.0	2.91
Cash	1.0	(0.25)
Private equity	11.0	10.81
Private real assets	7.5	4.14
Private credit	3.0	3.11
Total	<u>100.0%</u>	

Discount Rate – The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed employee contributions will be made at the contractually required rate and contributions from the College will be made at contractually required rates, actuarially determined. Based on those assumptions, IPERS' fiduciary net position was projected to be available to make all projected future benefit payments to current active and inactive employees. Therefore, the long-term expected rate of return on IPERS' investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the College's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate – The following presents the College's proportionate share of the net pension liability calculated using the discount rate of 7.00%, as well as what the College's proportionate share of the net pension liability would be if it were calculated using a discount rate 1% lower (6.00%) or 1% point higher (8.00%) than the current rate.

	1% Decrease (6.00%)	Discount Rate (7.00%)	1% Increase (8.00%)
College's proportionate share of the net pension liability	\$ 18,991,552	10,695,385	3,736,652

IPERS' Fiduciary Net Position – Detailed information about IPERS' fiduciary net position is available in the separately issued IPERS' financial report which is available on IPERS' website at [www.ipers.org](http://www.ipers.org).

Payables to IPERS – All legally required College contributions and legally required employee contributions which had been withheld from employee wages were remitted by the College to IPERS by June 30, 2020.

**(8) Teachers Insurance and Annuity Association (TIAA)**

As required by Chapter 97B.42 of the Code of Iowa, all eligible College employees must participate in a retirement plan from the date they are employed. In lieu of participating in IPERS, eligible employees may participate in the Iowa Association of Community College Trustees 403(a) plan, which is a defined contribution pension plan administered by the Teachers Insurance and Annuity Association (TIAA). The defined contribution retirement plan provides individual annuities for each plan participant.

Benefit terms, including contribution requirements, for TIAA are established and specified by the contract with TIAA, and in accordance with the Code of Iowa. For each employee in the pension plan, the College is required to contribute 9.44% of annual salary, including overtime pay, to an individual employee account. Each employee is required to contribute 6.29%. Contributions made by both the College and employees vest immediately. For the year ended June 30, 2020, employee contributions totaled \$488,150 and the College recognized pension expense of \$764,282.

All legally required College contributions and legally required employee contributions which had been withheld from employee wages were remitted to the TIAA by June 30, 2020.

**(9) Other Postemployment Benefits (OPEB)**

Plan Description - The College administers a single-employer benefit plan which provides medical and prescription drug benefits for employees, retirees and their spouses. Group insurance benefits are established under Iowa Code Chapter 509A.13. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75.

OPEB Benefits – Individuals who are employed by the College are eligible to participate in the group health plan are eligible to continue healthcare benefits upon retirement. Retirees under age 65 pay the same premium for the medical and prescription drug benefits as active employees, which results in an implicit rate subsidy and an OPEB liability.

Retired participants must be age 55 or older at retirement. At June 30, 2020, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefit payments	-
Active employees	<u>355</u>
Total	<u><u>355</u></u>

Total OPEB Liability – The College’s total OPEB liability of \$117,229 was measured as of June 30, 2020 and was determined by an actuarial valuation as of January 1, 2019. The total OPEB liability was rolled forward from the January 1, 2019 valuation to the June 30, 2020 measurement date.

Actuarial Assumptions – The total OPEB liability in the January 1, 2019 actuarial valuation was determined using the following actuarial assumptions and the entry age normal actuarial cost method, applied to all periods included in the measurement.

Rate of inflation (effective January 1, 2019)	3.00% per annum.
Rates of salary increase (effective January 1, 2019)	3.00% per annum.
Discount rate (effective January 1, 2019)	4.10% per annum.
Healthcare cost trend rate (effective January 1, 2019)	5.00% per annum.

Discount Rate – The discount rate used to measure the total OPEB liability was 4.10% which reflects the index rate for 20-year tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher as of the measurement date.

Mortality rates are from the RP-2014 annuitant distinct mortality table adjusted to 2006 with MP 2018 generational projection of future mortality improvement. Annual retirement probabilities are based on varying rates by age and turnover probabilities mirror those used by IPERS.

**(10) Insurance Management Program for Area Community Colleges (IMPACC)**

The College is a member of the Insurance Management Program for Area Community Colleges (IMPACC), as allowed by Chapter 504A of the Code of Iowa. IMPACC (Program) is a group self-insurance program whose five members are Iowa Community Colleges. The Program was incorporated in May 1988 for the purpose of managing and funding insurance for its members. The Program provides coverage and protection in the following categories: general liability, employee benefits liability, automobile liability, automobile physical damage, property and inland marine, wrongful acts and educators' legal liability, workers compensation and employer's liability, crime and employee fidelity, equipment breakdown (boiler and machinery), foreign liability and cyber liability. There have been no reductions in insurance coverage from prior years.

Each member's annual contributions to the Program fund current operations and provide capital. Annual operating contributions are those amounts necessary to fund, on a cash basis, the Program's general and administrative expenses, claims, claims expenses and reinsurance expenses due and payable in the current year.

The College's contributions to the Program are recorded as prepaid expense from its operating funds at the time of payment. The College amortizes the expense over the periods for which the Program is expected to provide coverage. The College's contributions to the Program for the year ended June 30, 2020 were \$2,018,365.

The Program uses reinsurance to reduce its exposure to large losses. The Program has a self-insured retention of \$100,000 per occurrence for wrongful acts, employee benefits liability and educators' legal liability, \$250,000 per occurrence for workers compensation and employer's liability and \$200,000 per occurrence for most other claims. First layer excess insurance is \$800,000 per occurrence for property, general and automobile liability, \$900,000 per occurrence for wrongful acts, employee benefits liability and educators' legal liability and \$250,000 per occurrence for workers compensation. The Program's annual aggregate retention (loss fund) is \$1,200,000 with stop gap loss protection provided above the loss fund. There is additional excess insurance for workers' compensation to statutory limits and for liability claims to \$10,000,000 per occurrence. Property is insured with excess coverage over the self-insured retention and underlying layer up to \$250,000,000 per occurrence. Flood and earthquake exposures are covered in the property program each having \$16,000,000 limits. Also covered is employee fidelity up to \$2,000,000 having a deductible of \$10,000 per member, boiler and machinery coverage up to \$250,000,000 with a deductible of \$10,000 per member loss, foreign travel coverage with limits of \$1,000,000, as well as cyber liability including identify theft protection up to \$1,000,000 annual aggregate per member with a deductible of \$50,000 per member loss.

The Program's intergovernmental contract with its members provides that in the event any claim or series of claims exceeds the amount of aggregate excess insurance, then payment of such claims shall be the obligation of the respective individual member. The College does not report a liability for losses in excess of reinsurance unless it is deemed probable such losses have occurred and the amount of such loss can be reasonably estimated. Accordingly, at June 30, 2020, no liability has been recorded in the College's financial statements. As of June 30, 2020, settled claims have not exceeded the Program's coverage in any of the past three fiscal years.

Members agree to continue membership in the Program for a period of not less than three full years. After such period, a member who has given sufficient notice, in compliance with the By-laws, may withdraw from the Program. Upon withdrawal, payments for all claims and claims expenses for the years of membership continue until all claims for those years are settled.

The College also carries commercial insurance purchased from other insurers for coverage associated with catastrophic, accidental death and dismemberment, and aviation. The College assumes liability for any deductibles and claims in excess of coverage limits. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

**(11) Self-Funded Health Insurance Plan**

The College established a program for the self-funding of the College’s health insurance benefit plan, which is accounted for in the Restricted Fund. The plan is funded by both employee and College contributions and is administered through a service agreement with Wellmark. The agreement is subject to automatic renewal provisions. The College assumes liability for claims up to the individual stop loss limitation of \$35,000. Claims in excess of coverage are insured through purchase of stop loss insurance.

The College’s monthly contributions to the program and employee deductions fund current operations and provide capital for future claims. Under the administrative services agreement, monthly payments of service fees and claims processed are paid to Wellmark. The College’s contribution for the year ended June 30, 2020 was \$4,131,982.

Amounts payable at June 30, 2020 total \$456,753, which is for incurred but not reported (IBNR) and reported but not paid claims. The amounts are based on actuarial estimates of the amounts necessary to pay prior-year and current-year claims and to establish a reserve for catastrophic losses. That reserve was \$3,413,285 at June 30, 2020. A liability has been established based on the requirements of Governmental Accounting Standards Board Statement No. 10, which requires a liability for claims be reported if information prior to the issuance of the financial statements indicates it is probable a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. Settlements have not exceeded the stop-loss coverage in any of the past year. A reconciliation of changes in the aggregate liabilities for claims for the current year is as follows:

Unpaid claims beginning of year	\$ 426,540
Incurred claims (including claims incurred but not reported at June 30, 2020)	3,362,172
Payments on claims during the fiscal year	<u>(3,331,959)</u>
Unpaid claims end of year	<u>\$ 456,753</u>

**(12) New Jobs Training Programs**

The College administers the Iowa Industrial New Jobs Training Program (NJTP) in Area XV in accordance with Chapter 260E of the Code of Iowa. NJTP’s purpose is to provide tax-aided training or retraining for employees of industries which are new to or are expanding their operations within the State of Iowa. Certificates are sold by the College to fund approved projects and are to be retired by proceeds from anticipated jobs credits from withholding taxes, incremental property tax, budgeted reserves and in the case of default, from standby property tax. Since inception, the College has administered 103 projects with 16 currently receiving project funding. Of the remaining 87 projects, 76 projects have been completed, of which 75 have been fully repaid with three in the repayment process. Eight projects have defaulted, one of which was repaid by the guarantor bank, six were repaid by standby property tax and one by the other companies as part of a multiple issuance.

The College also administers the Iowa Jobs Training Program in Area XV in accordance with Chapter 260F of the Code of Iowa. The current program's purpose is to provide tax-aided training or retraining for employers of businesses whose training costs cannot be economically funded under Chapter 260F. Approved businesses received forgivable loans from the Workforce Development Fund, a State administered fund. Since inception of this program, the College administered 471 projects. Of these 461 projects, eight defaulted, 10 withdrew and 27 are active projects.

#### **(14) Tax Abatements**

Governmental Accounting Standards Board Statement No. 77 defines tax abatements as a reduction in tax revenues that results from an agreement between one or more governments and an individual or entity in which (a) one or more governments promise to forgo tax revenues to which they are otherwise entitled and (b) the individual or entity promises to take a specific action after the agreement has been entered into that contributes to economic development or otherwise benefits the governments or the citizens of those governments.

##### **College Tax Abatements**

The College provides tax abatements for industrial new jobs training projects with the tax increment financing as provided for in Chapters 403.19 of the Code of Iowa and/or state income tax withholding as provided for in section 260E.5 of the Code of Iowa. For these types of projects, the College enters into agreements with employers which require the College, after employers meet the terms of the agreements, to pay the employers for the costs of on-the-job training not to exceed 50% of the annual gross payroll costs for up to one year of the new jobs. No other commitments were made by the College as part of these agreements.

For the year ended June 30, 2020, the College had no abatements of property tax and \$685,709 of state income tax withholding under the projects.

##### **Tax Abatements of Other Entities**

Other entities within the College also provided tax abatements for urban renewal and economic development projects pursuant to Chapters 15 and 403 of the Code of Iowa. Additionally, the City of Sigourney, Lee County and Monroe County offered urban revitalization tax abatement programs pursuant to Chapter 404 of the Code of Iowa. With prior approval by the governing body, these programs provide for an exemption of taxes based on a percentage of the actual value added by improvements.

Property tax revenues of the College were reduced by the following amounts for the year ended June 30, 2020 under agreements entered into by the following entities:

Entity	Tax Abatement Program	Amount of Tax Abated

**(16) COVID-19**

In March 2020, the COVID-19 outbreak was declared a global pandemic. The disruption to businesses across a range of industries in the United States continues to evolve. The full impact to local, regional and national economics, including that of the Indian Hills Community College, remains uncertain.

To date, the outbreak has not created a material disruption to the operations of the Indian Hills Community College. However, the extent of the financial impact of COVID-19 will depend on future developments, including the spread of the virus, duration and timing of the economic recovery. Due to these uncertainties, management cannot reasonably estimate the potential impact to the Indian Hills Community College’s operations and finances.

**(17) Prospective Accounting Change**

Governmental Accounting Standards Board has issued Statement No. 84, Fiduciary Activities. This statement will be implemented for the fiscal year ending June 30, 2021. The revised requirements of this statement will change the definition of fiduciary activity and establish new financial reporting requirements for state and local governments which report fiduciary activity.

## **Supplementary Information**

Supplementary Information of the College is presented on the basis of funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for by providing a separate set of self-balancing accounts which comprise its assets, liabilities, fund balance, revenue and expenditures. The various fund groups and their designated purposes are as follows:

Current Funds – The Current Funds are utilized to account for those economic resources that are expendable for the purpose of performing the primary and supporting missions of the College and consist of the following:

Unrestricted Fund – The Educational and Support subgroup of the Unrestricted Fund accounts for the general operations of the College.

The Auxiliary Enterprises subgroup accounts for activities which are intended to provide non-instructional services for sales to students, staff and/or institutional departments, and which are supplemental to the educational and general objectives of the College.

Restricted Fund – The Restricted Fund is used to account for resources available for the operation and support of the educational program, but which are restricted as to their use by donors or outside agencies.

Quasi-Endowment Funds – The Quasi-Endowment Funds are used to account for resources, the principal of which is to be maintained to conform with restrictions by the Board of Trustees. Generally, only the income from these funds may be used.

Plant Funds – The Plant Funds are used to account for transactions relating to investment in the College properties and consist of the following self-balancing accounts:

Unexpended – This account is used to account for the unexpended resources derived from various sources for the acquisition or construction of plant assets.

Investment in Plant – This account is used to account for the excess of the carrying value of plant assets over the related liabilities.

Agency Funds – The Agency Funds are used to account for assets held by the College in a custodial capacity or as an agent for others. Agency Funds' assets equal liabilities.

The Budgetary Comparison Schedule of Expenditures – Budget to Actual provides a comparison of the budget to actual expenditures for those funds and/or levies required to be budgeted. Since the College uses Business Type Activities reporting, this budgetary comparison information is included as supplementary information.

Schedules presented in supplementary information are reported using the current financial resources measurement focus and the accrual basis of accounting with modifications for depreciation and other items included in the adjustments column. The schedule of revenues, expenditures and changes in fund balances is a schedule of financial activities related to the current reporting period. It does not purport to present the results of operations or net income or loss for the period as would a statement of income or a statement of revenues and expenses.

Independent Auditor's Report on Internal Control  
over Financial Reporting and on Compliance and Other Matters  
Based on an Audit of Financial Statements Performed in Accordance with  
Government Auditing Standards

To the Board of Trustees of Indian Hills Community College:

We have audited in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, the financial statements of Indian Hills Community College, Ottumwa, Iowa, and the aggregate discretely presented component units as of and for the year ended June 30, 2020, and the related Notes to Financial Statements, which collectively comprise the College's basic financial statements, and have issued our report thereon dated November 24, 2020. Our report includes a reference to other auditors who audited the financial statements of the Indian Hills Community College Development Corp., Inc. and the Indian Hills Community College Foundation, Inc., as described in our report on Indian Hills Community College's financial statements. The financial statements of the Indian Hills Community College Development Corp., Inc. and the Indian Hills Community College Foundation, Inc. were not audited in accordance with Government Auditing Standards. This report on internal control over financial reporting and compliance and other matters does not include the results of the Indian Hills Community College Development Corp, Inc.'s or the Indian Hills Community College Foundation, Inc.'s audit performed by another auditor.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Indian Hills Community College's internal control over financial reporting to determine the audit procedures appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Indian Hills Community College's internal control. Accordingly, we do not express an opinion on the effectiveness of Indian Hills Community College's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility a material misstatement of Indian Hills Community College's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control which is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control we consider to be material weaknesses. However, material weaknesses may exist which have not been identified.

### Compliance and Other Matters

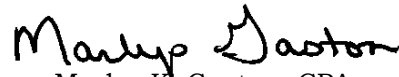

As part of obtaining reasonable assurance about whether Indian Hills Community College's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Comments involving statutory and other legal matters about the College's operations for the year ended June 30, 2020 are based exclusively on knowledge obtained from procedures performed during our audit of the financial statements of the College. Since our audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes.

### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing and not to provide an opinion on the effectiveness of the College's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the College's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

We would like to acknowledge the many courtesies and assistance extended to us by personnel of Indian Hills Community College during the course of our audit. Should you have any questions concerning any of the above matters, we shall be pleased to discuss them with you at your convenience.

Independent Auditor's Report on Compliance  
For Each Major Federal Program and on Internal Control over Compliance  
Required by the Uniform Guidance

To the Board of Trustees of Indian Hills Community College:

Report on Compliance for Each Major Federal Program

We have audited Indian Hills Community College's compliance with the types of compliance requirements described in U.S. Office of Management and Budget (OMB) Compliance Supplement that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2020. Indian Hills Community College's major federal programs are identified in Part I of the accompanying Schedule of Findings and Questioned Costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Indian Hills Community College's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with U.S. generally accepted auditing standards, the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, and the audit requirements of Title 2, U.S. Code of Federal Regulations, Part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether non-compliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Indian Hills Community College's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination on Indian Hills Community College's compliance.

Opinion on Each Major Federal Program

In our opinion, Indian Hills Community College complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2020.

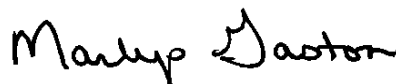

## Report on Internal Control Over Compliance

The management of Indian Hills Community College is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Indian Hills Community College's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the audit procedures appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Indian Hills Community College's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance such that there is a reasonable possibility material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected and corrected on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

## APPENDIX B

### DESCRIBING BOOK-ENTRY-ONLY ISSUANCE

1. The Depository Trust Company (“DTC”), New York, New York, will act as securities depository for the Certificates (the “Securities”). The Securities will be issued as fully-registered securities registered in the name of Cede & Co. (DTC’s partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Security certificate will be issued for each issue of the Securities, each in the aggregate principal amount of such issue, and will be deposited with DTC.

2. DTC, the world’s largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC’s participants (“Direct Participants”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants’ accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (“DTCC”). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). DTC has a S&P Global Ratings rating of AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at [www.dtcc.com](http://www.dtcc.com).

3. Purchases of Securities under the DTC system must be made by or through Direct Participants, which will receive a credit for the Securities on DTC’s records. The ownership interest of each actual purchaser of each Security (“Beneficial Owner”) is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Securities are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Securities, except in the event that use of the book-entry system for the Securities is discontinued.

4. To facilitate subsequent transfers, all Securities deposited by Direct Participants with DTC are registered in the name of DTC’s partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Securities with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Securities; DTC’s records reflect only the identity of the Direct Participants to whose accounts such Securities are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

5. Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Securities may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Securities, such as redemptions, tenders, defaults, and proposed amendments to the Security documents. For example, Beneficial Owners of Securities may wish to ascertain that the nominee holding the Securities for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

6. Redemption notices shall be sent to DTC. If less than all of the Securities within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

7. Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Securities unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the College as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts Securities are credited on the record date (identified in a listing attached to the Omnibus Proxy).

8. Redemption proceeds, distributions, and dividend payments on the Securities will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the College or the Paying Agent, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Paying Agent, or the College, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the College or the Paying Agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

9. A Beneficial Owner shall give notice to elect to have its Securities purchased or tendered, through its Participant, to any Tender/Remarketing Agent, and shall effect delivery of such Securities by causing the Direct Participant to transfer the Participant's interest in the Securities, on DTC's records, to any Tender/Remarketing Agent. The requirement for physical delivery of Securities in connection with an optional tender or a mandatory purchase will be deemed satisfied when the ownership rights in the Securities are transferred by Direct Participants on DTC's records and followed by a book-entry credit of tendered Securities to any Tender/Remarketing Agent's DTC account.

10. DTC may discontinue providing its services as depository with respect to the Securities at any time by giving reasonable notice to the College or the Paying Agent. Under such circumstances, in the event that a successor depository is not obtained, Security certificates are required to be printed and delivered.

11. The College may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, Security certificates will be printed and delivered to DTC.

12. The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the College believes to be reliable, but the College takes no responsibility for the accuracy thereof.

#### DRAFT

We hereby certify that we have examined a certified transcript of the proceedings of the Board of Directors and acts of administrative officers of the Indian Hills Community College (Merged Area XV), in the Counties of Appanoose, Davis, Decatur, Henry, Iowa, Jefferson, Keokuk, Lee, Lucas, Mahaska, Marion, Monroe, Poweshiek, Van Buren, Wapello, Washington and Wayne, State of Iowa (the "Issuer"), relating to the issuance of its \$\_\_\_\_\_ principal amount of Taxable Industrial New Jobs Training Certificates (2021-1 Project), Series 2021-1, dated June 1, 2021 (the "Certificates"). We have examined the law and such certified proceedings and other papers as we deem necessary to render this opinion as bond counsel.

As to questions of fact material to our opinion, we have relied upon representations of the Issuer contained in the resolution authorizing issuance of the Certificates (the "Resolution") and in the certified proceedings and other certifications of public officials furnished to us, without undertaking to verify the same by independent investigation.

Based on our examination and in reliance upon the certified proceedings and other certifications described above, we are of the opinion, under existing law, as follows:

1. The Issuer is duly created and validly existing as a body corporate and politic and political subdivision of the State of Iowa with the corporate power to adopt and perform the Resolution and issue the Certificates.

2. The Certificates are lawfully issued and constitute a valid and binding obligation of the Issuer payable from revenues of the 2021-1 Project, including Industrial New Jobs Training Agreements with certain employers. In the event that project revenues, including new jobs credit from withholding and supplemental new jobs credit from withholding held by the College in connection with the Project are not available and appropriated in any year, as provided in the Agreements and Chapter 260E, Code of Iowa, all taxable property in the territory of the Issuer is subject to ad valorem taxation without limitation as to rate or amount to pay the Certificates. Taxes have been levied by the Resolution for the payment of the Certificates and the Issuer is required by law to include in its annual tax levy the principal and interest coming due on the Certificates to the extent the necessary funds are not provided from other sources.

3. The interest on the Certificates is not excluded from gross income for federal income tax purposes under Section 103(a) of the Internal Revenue Code of 1986, as amended. THE HOLDERS OF THE CERTIFICATES SHOULD TREAT THE INTEREST THEREON AS SUBJECT TO FEDERAL INCOME TAXATION. We express no other opinion regarding any other federal or state income tax consequences caused by the receipt or accrual of interest on the Certificates.

We express no opinion regarding the accuracy, adequacy, or completeness of the Official Statement or other offering material relating to the Certificates. Further, we express no opinion

regarding tax consequences arising with respect to the Certificates other than as expressly set forth herein.

The rights of the owners of the Certificates and the enforceability of the Certificates are limited by bankruptcy, insolvency, reorganization, moratorium, and other similar laws affecting creditors' rights generally, and by equitable principles, whether considered at law or in equity.

This opinion is given as of the date hereof, and we assume no obligation to revise or supplement this opinion to reflect any facts or circumstances that may hereafter come to our attention, or any changes in law that may hereafter occur.

Respectfully submitted,

Section 7. Dissemination Agent. The Issuer may, from time to time, appoint or engage a Dissemination Agent to assist it in carrying out its obligations under this Disclosure Certificate, and may discharge any such Agent, with or without appointing a successor Dissemination Agent. Section 8. Amendment; Waiver. Notwithstanding any other provision of this Disclosure Certificate, the Issuer may amend this Disclosure Certificate, and any provision of this Disclosure Certificate may be waived, provided that the following conditions are satisfied:

b) The undertaking, as amended or taking into account such waiver, would, in the opinion of nationally recognized bond counsel, have complied with the requirements of the Rule at the time of the original issuance of the Certificates, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances; and

c) The amendment or waiver either (i) is approved by the Holders of the Certificates in the same manner as provided in the Resolution for amendments to the Resolution with the consent of Holders, or (ii) does not, in the opinion of nationally recognized bond counsel, materially impair the interests of the Holders or Beneficial Owners of the Certificates.

In the event of any amendment or waiver of a provision of this Disclosure Certificate, the Issuer shall describe such amendment in the next Annual Financial Information filing, and shall include, as applicable, a narrative explanation of the reason for the amendment or waiver and its impact on the type (or in the case of a change of accounting principles, on the presentation) of financial information or operating data being presented by the Issuer. In addition, if the amendment relates to the accounting principles to be followed in preparing financial statements, (i) notice of such change shall be given in the same manner as for a Listed Event under Section 5(c), and (ii) the Annual Financial Information filing for the year in which the change is made will present a comparison or other discussion in narrative form (and also, if feasible, in quantitative form) describing or illustrating the material differences between the financial statements as prepared on the basis of the new accounting principles and those prepared on the basis of the former accounting principles.

Section 9. Additional Information. Nothing in this Disclosure Certificate shall be deemed to prevent the Issuer from disseminating any other information, using the means of dissemination set forth in this Disclosure Certificate or any other means of communication, or including any other information in any Annual Financial Information filing or notice of occurrence of a Listed Event, in addition to that which is required by this Disclosure Certificate. If the Issuer chooses to include any information in any Annual Financial Information filing or notice of occurrence of a Listed Event in addition to that which is specifically required by this Disclosure Certificate, the Issuer shall have no obligation under this Certificate to update such information or include it in any future Annual Financial Information filing or notice of occurrence of a Listed Event.

A default under this Disclosure Certificate shall not be deemed an event of default under the Resolution, and the sole remedy under this Disclosure Certificate in the event of any failure of the Issuer to comply with this Disclosure Certificate shall be an action to compel performance.

Section 11. Duties, Immunities and Liabilities of Dissemination Agent. The Dissemination Agent shall have only such duties as are specifically set forth in this Disclosure Certificate, and the Issuer agrees to indemnify and save the Dissemination Agent, its officers, directors, employees and agents, harmless against any loss, expense and liabilities which it may incur arising out of or in the exercise or performance of its powers and duties hereunder, including the costs and expenses (including attorneys' fees) of defending against any claim of liability, but excluding liabilities due to the Dissemination Agent's negligence or willful misconduct. The obligations of the Issuer under this Section shall survive resignation or removal of the Dissemination Agent and payment of the Certificates.

Section 12. Beneficiaries. This Disclosure Certificate shall inure solely to the benefit of the Issuer, the Dissemination Agent, the Participating Underwriters and Holders and Beneficial Owners from time to time of the Certificates, and shall create no rights in any other person or entity.

Section 13. Rescission Rights. **Method of Bidding Electronically**

Notwithstanding the fact that the College permits receiving bids electronically using SpeerAuction, all bidders must have a signed, but uncompleted, Official Bid Form delivered to Speer Financial, Inc., Suite 608, 531 Commercial Street, Waterloo, Iowa, (319) 291-8628 facsimile, prior to the close of bidding to which a printout of the electronic bid will be attached and delivered to the College.

If bidding electronically, all-or-none bids must be submitted via the internet address [www.SpeerAuction.com](http://www.SpeerAuction.com). The use of SpeerAuction shall be at the bidder’s risk and expense and the College shall have no liability with respect thereto, including (without limitation) liability with respect to incomplete, late arriving and non-arriving bids.

To bid via the SpeerAuction webpage, bidders must first visit the SpeerAuction webpage where, if they have not previously registered with either SpeerAuction, Grant Street Group (the “Auction Administrator”) or any other website administered by the Auction Administrator, they may register and then request admission to bid on the Certificates. Bidders will be notified prior to the scheduled bidding time of their eligibility to bid. Only registered broker-dealers and dealer banks with DTC clearing arrangements will be eligible to bid electronically.

The “Rules” of the SpeerAuction bidding process may be viewed on the SpeerAuction webpage and are incorporated herein by reference. Bidders must comply with the Rules of SpeerAuction in addition to the requirements of the College’s Official Terms of Offering. In the event the Rules of SpeerAuction and this Official Terms of Offering conflict, this Official Terms of Offering shall be controlling.

All electronic bids must be submitted on the SpeerAuction webpage. Electronic bidders may change and submit bids as many times as they choose during the sale period but may not delete a submitted bid. The last bid submitted by an electronic bidder before the deadline for receipt of bids will be compared to all other final bids to determine the winning bidder. During the bidding, no bidder will see any other bidder’s bid nor the status of their bid relative to other bids (e.g., whether their bid is a leading bid). The electronic bidder bears all risk of transmission failure. Any questions regarding bidding on the SpeerAuction website should be directed to Grant Street Group at (412) 391-5555 x 370.

Each bidder shall be solely responsible for making necessary arrangements to access SpeerAuction for purposes of submitting its internet bid in a timely manner and in compliance with the requirements of the Terms of Offering. The College is permitting bidders to use the services of the SpeerAuction solely as a communication mechanism to conduct the internet bidding and the SpeerAuction is not an agent of the College. Provisions of the Terms of Offering and Official Bid Form shall control in the event of conflict with information provided by the Internet Bid System.

**Electronic Facsimile Bidding:** Bids may be submitted via facsimile at (319) 291-8628. Electronic facsimile bids will be sealed and treated as sealed bids. Neither the College nor its agents will assume liability for the inability of the bidder to reach the above named fax numbers prior to the time of sale specified above. Transmissions received after the deadline will be rejected. Bidders electing to submit bids via facsimile transmission bear full and complete responsibility for the transmission of such bid. Neither the College nor its agents will assume responsibility for the inability of the bidder to reach the above specified fax number prior to the time of sale. Time of receipt shall be the time recorded by the person receiving the facsimile and shall be conclusive.

### **Bidding Parameters and Award of the Certificates**

All interest rates must be in multiples of one-eighth or one one-hundredth of one percent (1/8 or 1/100 of 1%), and not more than one rate for a single maturity shall be specified. The rates bid shall be in non-descending order. The differential between the highest rate bid and the lowest rate bid shall not exceed six percent (6%). All bids must be for all of the Certificates and must be for not less than \$788,640.

**Award of the Certificates:** The Certificates will be awarded on the basis of true interest cost, determined in the following manner. True interest cost shall be computed by determining the annual interest rate (compounded semi-annually) necessary to discount the debt service payments on the Certificates from the payment dates thereof to the dated date and to the bid price. For the purpose of calculating true interest cost, the Certificates shall be deemed to become due in the principal amounts and at the times set forth in the table of maturities set forth above. In the event two or more qualifying bids produce the identical lowest true interest cost, the winning bid shall be the bid that was submitted first in time on the SpeerAuction webpage or if all such bids are not submitted electronically, the winning bid shall be determined by lot.

The Certificates will be awarded to the bidder complying with the terms of this Official Terms of Offering whose bid produces the lowest true interest cost rate to the College as determined by the College's Registered Municipal Advisor, which determination shall be conclusive and binding on all bidders; provided, that the College reserves the right to reject all bids or any non-conforming bid and reserves the right to waive any informality in any bid. Electronic bidders should verify the accuracy of their final bids and compare them to the winning bids reported on the SpeerAuction Observation Page immediately after the bidding.

**The premium or discount, if any, is subject to pro rata adjustment if the maturity amounts of the Certificates are changed, maintaining, as close as possible, the same dollar amount of profit per \$1,000 bond as bid.**

The true interest cost of each electronic bid will be computed by SpeerAuction and reported on the Observation Page of the SpeerAuction webpage immediately following the date and time for receipt of bids. These true interest costs are subject to verification by the College's Municipal Advisor, will be posted for information purposes only and will not signify an actual award of any bid or an official declaration of the winning bid. The College or its Municipal Advisor will notify the bidder to whom the Certificates will be awarded, if and when such award is made.

The winning bidder will be required to make the standard filings and maintain the appropriate records routinely required pursuant to MSRB Rules G-8, G-11 and G-36. The winning bidder will be required to pay the standard MSRB charge for Certificates purchased. In addition, the winning bidder who is a member of the Securities Industry and Financial Markets Association ("SIFMA") will be required to pay SIFMA's standard charge per Certificate.

### **No Good Faith Deposit and Other Matters**

NO good faith deposit is required to bid on the Certificates.

The College covenants and agrees to enter into a written agreement, certificate or contract, constituting an undertaking (the "Undertaking") to provide ongoing disclosure about the College for the benefit of the beneficial owners of the Certificates on or before the date of delivery of the Certificates as required under Section (b)(5) of Rule 15c2-12 (the "Rule") adopted by the Securities and Exchange Commission under the Securities Exchange Act of 1934. The Undertaking shall be as described in the Official Statement, with such changes as may be agreed in writing by the Underwriter.

The Underwriter's obligation to purchase the Certificates shall be conditioned upon the College delivering the Undertaking on or before the date of delivery of the Certificates.

The Certificates will be delivered to the successful purchaser against full payment in immediately available funds as soon as they can be prepared and executed, which is expected to be on or about June 1, 2021. Should delivery be delayed beyond sixty (60) days from the date of sale for any reason beyond the control of the College except failure of performance by the purchaser, the College may cancel the award or the purchaser may withdraw the good faith deposit and thereafter the purchaser's interest in and liability for the Certificates will cease.

The Official Statement, when further supplemented by an addendum or addenda specifying the maturity dates, principal amounts, and interest rates of the Certificates, and any other information required by law or deemed appropriate by the College, shall constitute a "Final Official Statement" of the College with respect to the Certificates, as that term is defined in the Rule. By awarding the Certificates to any underwriter or underwriting syndicate, the College agrees that, no more than seven (7) business days after the date of such award, it shall provide, without cost to the senior managing underwriter of the syndicate to which the Certificates are awarded, up to 50 copies of the Final Official Statement to permit each "Participating Underwriter" (as that term is defined in the Rule) to comply with the provisions of such Rule. The College shall treat the senior managing underwriter of the syndicate to which the Certificates are awarded as its designated agent for purposes of distributing copies of the Final Official Statement to each Participating Underwriter. Any underwriter executing and delivering an Official Bid Form with respect to the Certificates agrees thereby that if its bid is accepted by the College it shall enter into a contractual relationship with all Participating Underwriters of the Certificates for purposes of assuring the receipt by each such Participating Underwriter of the Final Official Statement.

By submission of its bid, the senior managing underwriter of the successful purchaser agrees to supply all necessary pricing information and any Participating Underwriter identification necessary to complete the Official Statement within 24 hours after award of the Certificates. Additional copies of the Final Official Statement may be obtained by Participating Underwriters from the printer at cost.

The College will, at its expense, deliver the Certificates to the purchaser in New York, New York (or arrange for "FAST" delivery) through the facilities of DTC and will pay for the bond attorney's opinion. At the time of closing, the College will also furnish to the purchaser the following documents, each dated as of the date of delivery of the Certificates: (1) the legal opinion of Ahlers & Cooney, P.C., Des Moines, Iowa, that the Certificates are lawful and enforceable obligations of the College in accordance with their terms; and (2) a no litigation certificate by the College.

Purchaser consents to the receipt of electronic transcripts and acknowledges the College's intended use of electronically executed documents. Iowa Code chapter 554D establishes electronic signatures have the full weight and legal authority as manual signatures.

The College has authorized the printing and distribution of an Official Statement containing pertinent information relative to the College and the Certificates.
